Sir,

In G. O. No. 3350 W, of 1st Decem-
ber 1897, a sum of Rupees (87) eighty-seven
was allotted on account of cost of iron gratings
supplied to the Vakalapudi Light. The
Superintending Engineer, Ist Circle,
has now applied for an additional
allotment of Rupees (17) seventeen to
which I request that the sanction
of Government may be obtained.
He explains that the excess is due to
the actual weight of the gratings on
completion at the Workshops turning
out to be 74 lbs more than was estimated,
and

and to cost of labor for making
templates &c which had not been
estimated.

I have the honor to be,
