ORDER

No. 668 W₃ 12.3.98

The estimate amounting to Rs 2.440, as modified by the Chief Engineer, for improvements to the sleeping wards in the Central Jail at Cannanore in the South Canara District, is sanctioned as supplemental to the estimate of Rs 4.650 sanctioned in G.O. No 3520W dated 8th December 1896.

2 Attention is drawn to the Chief Engineer's note recorded above.

3 This sanction has been registered as Provincial No 87 W of 1897-98 and classified as "Civil Buildings, Original Works".

Note by the Chief Engineer, P.W.S.

In G.O. No. 104 Judicial dated 22nd January 1897, (G.O. No. 349 dated 5th February 1897), the Suptg Engr IV circle was called upon to submit an estimate for alterations to the Central Jail at Cannanore. This estimate has now been received and provides for the following improvements:—

- (a) Planking both sides of the trusses
- (b) Splaying the square tops of walls and sills of ventilators to a slope of nearly 1 to 1.
- (c) Providing galvanized wire netting to the gratings of the ventilators
- (d) Planking the lower surface of rafters in the male and female hospital and contagious wards.

2 The Inspector-General of Prisons considers that item (c) and a portion of item (a) which provides for planking the ceiling of the Latrines in the wards, are unnecessary. The items have been accordingly struck. The estimate has been reduced.

From the Judicial Dept.

NOTE BY TECHNICAL SECTION.

Name of work Improving the sleeping
wards at the Central Jail at Calcutta.
Amount of estimate Rs 3870.

The accompanying estimate, amounting to Rs 3870, have been framed with reference to G.O. No. 349 N dated 5th Feb. 1897 and provisions for the following improvements to the sleeping wards at the Central Jail at Calcutta.

- (a) Planking both sides of the transverse
- (b) Splaning the square tops of walls and sills of ventilators to a slope of nearly 1 to 1.
- (c) Providing galvanized wire netting to the gratings of the ventilators.
- (d) Planking the lower surfaces of rafters in the male & female Hospital & Contagious wards.

The above works are preventive measures against escapes through the roof &c.

The details are being as per detail

Countersigned by the S. G. of Prisons sub.
ject to the omission of the items of
galvanized wire netting to the ventilators
& for planking the ceiling of the latrines
in the wards as being quite unnecessary
- and the Govt. in the judicious agrees
with the S. G.'s suggestion in approving
the estimate.

The items objected to by the S. G.
have now been omitted & the amount
of estimate altered from Rs 3,870 to
Rs 2,440.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following paper:—

From the Inspector-General of Prisons, No. C 2569,
dated 9th November 1897:-

With reference to G.O. No.104, Judicial, dated 22nd January 1897, I have the honour to submit, at the request of of the Superintending Engineer IVth Circle, the accompanying Estimate with enclosures, relating to the Cannanore Central Jail.

2. Of the works included in the Estimate, that of providing galvanized wire netting to the ventilators is quite unnecessary, and the Superintending Engineer was clearly told so in paragraph 1 of my Letter No. C.888, dated 4th September 1896, copy of which was furnished to Government in the Public Works Department with my No. C.1330, dated 27th May 1897. It is therefore not understood why this item amounting to Rs.1002 has been included, and I have countersigned the Estimate less this sum.

3. Of the other works, the item of 1887 square feet for planking the ceiling of the Latrines in the wards is also unnecessary. The escapes from these Latrines occurred in May 1896, and it was obviously impossible to leave them in their then insecure state for a year or more, while the references antecedent to any action by the Public Works Department were carried out. The Latrine Roofs were accordingly at once dealt with departmentally.

Order No. 1752 dated 9th December 1897.

The Government agrees with the Inspector-General of Prisons and the provision for placing galvanized wire netting over the ventilators and for planking the ceiling of the latrines should be omitted. Subject to this alteration, the estimate is approved and will be transferred to the Public Works Department.
