READ—the following paper :—

No. 235 I.

Note by the Acting Chief Engineer for Irrigation.

In G.O., No. 681 I., dated 13th August 1896, it was decided that the preparation of the Engineering History of the Periyár Project should be entrusted to Mr. A. T. Mackenzie, Executive Engineer; and Proceedings of Madras Government, No. 884 I., dated 27th October 1896, contains the sanction of the Government of India to the payment to him of an honorarium of Rs. 1,000 on the completion of the work.

2. Mr. Mackenzie having completed the History, forwarded a typed copy of it to this office, which was in June last, at his request, sent on to Mr. S. D. Pears, Executive Engineer, North Arcot division, who, it would appear, has undertaken to pass the work through the press.

3. Under G.O., No. 363 I., dated 13th April 1897, 400 copies of the Engineering History of the Kistna Delta System have to be printed. It is recommended that a similar number of copies of the Periyár History may be printed.

(Signed) J. C. LARMINIE,
Ag. Chief Engineer for Irrigation.

2nd September 1898.

ORDER—No. 708 I., dated 14th September 1898.

The recommendation of the Acting Chief Engineer for Irrigation is approved.

Under GO 3521 of 28/4/98
printing of 150 copies of the
History of the Buckingham
canal was sanctioned in
accordance with a list
printed therein. The same
number may suffice in this
case.

It is not quite clear whether Mr. Lammie
wishes 400 copies or 150 copies to be
printed. From the 400 copies of the History
which this copy has found too many? There
is a greater quantity demanded
for the Periyar History than for the
Buckingham Canal History.

These 400 copies be printed, as 300 copies
