Engines, 5 Circle, No. 283 S. dated 4 February 1898.

With reference to note on the Packing ac-
count of S. L. Ames (copy of which is herein
enclosed for perusal) I have the honour to report
that the Coke Foundry has been weighed at the
Beach and the result is that we have actually
received Tons 76 cwt 2 and lbs 24 instead of $78 \frac{11}{20}$
Tons as per packing account. The short delivery
is therefore Tons 2 cwt 8 qrs 3 and lbs 4.

S. 16294.

India Office,

Whitehall,

London, S.W.

14th January, 1898.

Sir,

A demand for 100 Tons of foundry Coke was included in the Special Indent No. 4 forwarded with your letter No. 2480 W., dated 6th September, 1897.

The balance of this amount, 78 ¹¹/₂₀ cwt., was shipped by the S.S. "Ameer" which sailed on the 10th December, 1897.

By an error however on the part of the suppliers notice of shipment was not given in time to allow of the usual inspection taking place, and the coal was thus shipped without being inspected.

In these circumstances payment of its value has been with-held pending the receipt of information as to the quality of the Coal and I have the honour to request that you will cause me to be furnished with a report on the subject, as early as possible.

I have the honour to be, Sir,

Your obedient Servant,

[Signature]

Director General of Stores.

The Secretary to Government of Madras,
Public Works Department,
Ootacamund.
