THE HON'BLE MR. ~~GROSE, C.I.E.~~ A. T. Arundel

To provide Rs 2,600 for resluicing the Nerur channel in the Coimbatore district from the Irrigation Cess Fund.

FOR ORDERS.

The Collector of Coimbatore desired the Supg. Engineer, IVth circle, to make out an estimate for resluicing the Nerur channel, with a view to utilize the balance of Rs 5,491, which stood against the channel on 31st March 1898. An estimate* was accordingly prepared and sanctioned in the P.W.D.

2. The Collector then requested the Board of Revenue to transfer the sum of Rs 2,600 from the Irrigation Cess Fund and place it at the disposal of the P.W.D. The Board of Revenue recommends the Collector's proposal, but is unable to indicate a

a source from which to meet the charge, as no provision has been made in the current year's budget against Coimbatore under 43. Minor works and navigation (Local) and it cannot say if any savings will accrue from the sum of Rs 5,600 provided for Coimbatore under 45. Civil works (Local), or from the total grants under these two heads.

3 The Acct. General recommends that under the circumstances a grant for the amount may be made to Local from ascertained savings under Provincial.

Endt. dated 23.7.98 in the current.

4. A sum of 29.80 lakhs has been provided in the budget under 43- Irrigation in charge of the P.W.D. and as there is likely to be a large saving under the head, it is submitted that the P.W.D. may be asked to if it can meet the charge by transfer

Referring to Board's Proceedings No. 3960* mis. dated 27th June 1898, I have the honor to request that the sum of Rs. 2,600 sanctioned in G.O. Resolution.

Submitted to Government, with the Board's recommendation that the Accountant-General may be authorized in the Financial Department to place at the disposal of the Public Works Department, the sum of Rs. 2600 sanctioned in G.O. No. 433. I. dated 3rd June 1898 for resluicing the Nerur channel. The balance in favor of the channel on the 31st March 98 was Rs. 5,491. A

2. As no provision has been made under "43. Minor works & Navigation" against the district in the budget estimate of charges for 1898-99 relating to irrigation Cess Fund sanctioned in G.O. No 1053 Financial dated 15th December 1897, and as it is not possible now to say whether any savings will accrue in the grant of Rs. 5600 sanctioned for the district, under "45. Civil Works", or in the total grants under this head, or under "43. Minor Works and Navigation", the Board is unable to indicate a source from which the charge can be met. From A. H. GARRETT, Esq., Superintending Engineer, IV Circle, to the Chief Engineer for Irrigation, dated Ootacamund, 26th April 1898, No. 81/I.

I have the honour to submit herewith, for sanction of Government, an estimate, amounting to Rs. 2,600, for fixing cast iron pipe sluices along the Nerur channel, together with a re-sluicing statement.

This estimate has been prepared at the request of the Collector for utilizing the balance of Irrigation Cess Fund available for expenditure on this channel.

Enclosure.

Report to accompany the estimate for fixing cast iron pipe sluices along the Nerur channel No. 46.

	RS.
Amount of estimate	2,600

2. The estimate has been prepared with reference to the Superintending Engineer's letter No. 537 C.I., dated 23rd September 1896, on Collector's letter No. 3365-Rev., dated 10th September 1896.

3. The existing sluices in the channel are 116 in number and it is proposed to replace them with 7 existing masonry sluices, which are in good order and require little repairs, and with 41 new cast iron pipe sluices.

4. The proposed pipe sluices are simply to be laid in the ground with one foot puddle wall all round without any masonry at their heads.

5. The discharge provided is at the rate of 40 acres per cubic foot per second.

6. The size of the sluices has in every case been made larger than that arrived at theoretically to avoid all complaints and litigation and because the levels of the land to be irrigated often vary greatly.
