Irrigation.
Account.

READ—the following papers :—

From W. C. LEWIS, Esq., Executive Engineer, Kistna Western Division, to the Superintending Engineer, II Circle, dated 27th July 1898, No. 208 S.

I have the honour to submit an estimate for Rs. 4,000 for land required for the Bapatla channel east and west branch channels and distributaries.

2. The work of excavating this was sanctioned in G.O., No. 166 I., dated 16th February 1897, and no provision was made for land, as the whole was in Government land, the bed of Bapatla tank.

3. Land statements were forwarded to the Sub-Collector on 24th December 1896, and on the 18th January 1897 the statement was forwarded to the Tahsildar for the usual action. On January 19th (next day) the tank-bed lands were sold by auction by the Collector Mr. Atkinson at Guntúr, the Sub-Collector's head-quarters, and no provision was made for reserving the lands required for channels. The land required for the channels has, therefore, had to be acquired at 15 per cent. over the amount the purchasers paid for them, and this amounts to Rs. 3,799 already charged.

4. In addition to this, there are 23·61 acres of the land, which was given to the Nabob of Masulipatam at a nominal price, for which the Collector states he will have to be awarded compensation in land.

5. I have the honour, therefore, to request the estimate may be sanctioned or permission given to pass the amount of excess expenditure.

6. It was impossible to submit this estimate earlier, as, though frequent applications had been made, the necessary figures were only obtained from the Collector on May 29th.

No. 2590 K.W.

Forwarded to the Chief Engineer for Irrigation, for favour of sanction of Government being obtained to the estimate, amounting to Rs. 4,000, for compensation on account of land required for distributaries of Bapatla branch channels.

2. The original estimate for Bapatla east and west branch channels was sanctioned in G.O., No. 166 I., dated 16th February 1897.

20th August 1898. (Signed) J. S. WILSON,
for Suptg. Engineer, II Circle.

No. 237 I.

Note by the Acting Chief Engineer for Irrigation.

In G.O., No. 166 I., dated 16th February 1897, sanction was accorded to certain estimates which made the total cost of the Bapatla channel and its branches Rs. 54,500, the revenue anticipated therefrom being Rs. 18,000. No provision was made in these estimates for compensation for land required for the channel, as this land was part of the bed of the old Bapatla tank and belonged to Government. The tank-bed

lands were sold by auction in the Revenue Department, but owing to the omission to reserve that portion of the land required for the channel, it now becomes necessary to pay a sum of Rs. 4,000 as compensation to the purchasers of the land. The charge is therefore practically a reduction by this amount in the sale realizations, which, it is understood, amounted to some Rs. 34,000. The sale-proceeds are credited to "Land Revenue" under G.O., No. 362 I., dated 3rd August 1889, and under paragraph 3 of the Government of India letter in Proceedings of Madras Government, No. 1026, Revenue, dated 7th October 1892, the sum of Rs. 4,000 will have to appear as Capital expenditure by the Public Works Department. The amount may be so sanctioned.

9th September 1898. (Signed) J. C. LARMINIE,
Ag. Chief Engineer for Irrigation.

ORDER—No. 765 I., dated 4th October 1898.

The following estimate is sanctioned :—

Capital Expenditure not charged to Revenue.
49. Irrigation.
Kistna Delta System.
Open Capital Account.
Western Section.
I. Works.
Commamur Canal.
3. Distributaries.
2. Land.
Remunerative Works.

Compensation for Land required for the Bapatla Channel East and West Branch Channels and Distributaries.

	Rs.
Estimate	4,000

2. This sanction is registered as No. 76 I. of 1898–99 and will expire on the 31st March 1899.

3. Ordered that a copy of these Proceedings be forwarded to the Government of India for information.

[Here enter No 766 I., dated 4th October 1898.]
