Civil Works.

READ—the following paper :—

From O. C. LEES, Esq., Under Secretary to the Government of India, Public Works Department (Civil Works—Buildings), to the Secretary to the Government of Madras, Public Works Department, dated Calcutta, 16th March 1898, No. 103 B.

The Govts. of Madras and Bombay, Public Works Dept., General and Railway Branches.
The Governments of Bengal, the North-Western Provinces and Oudh, and the Punjab.
The Government of Burma, Public Works Department, General and Railway Branches.
The Chief Commissioners of the Central Provinces, Assam and Coorg.
The Resident at Hyderabad.
The Agents to the Governor-General for Rajputana, Central India and Baluchistan.
The Accountant-General, Public Works Department.
The Director of Railway Construction.
The Director of Railway Traffic.
The Consulting Engrs. to the Govt. of India for Railways, Calcutta, Lucknow and Assam.
The Director-General of Telegraphs.

The following is forwarded to the Local Governments, Administrations and officers noted on the margin for information.

ENCLOSURES.

From the Director-General of Ordnance in India, to the Secretary to the Government of India, Military Department, dated 17th January 1898, No. 3882 Camp.

I have the honour to forward herewith a copy of a report by the Superintendent, Foundry and Shell Factory, Cossipore, as to his readiness to construct any class of roofing, and to suggest that the same might be communicated to the Public Works Department.

No. 2074—III of 28th December 1897.

2. A copy has been sent to the Director-General of Military Works direct for information.

From the Superintendent, Foundry and Shell Factory, Cossipore, to the Inspector-General of Ordnance, Bengal Command, dated 28th December 1897, No. 2074—III.

I have the honour to suggest that it may be made known in the Public and Military Works Departments that any class of roofing ironwork can be constructed here to the designs and specifications of Executive Engineers; the roofing complete as to trusses, purlins, bracings and columns with foundation plates and holding-down bolts being delivered whole or in parts ready for erecting.

2. The material being mild steel throughout rolled from Siemens Martin ingots.

3. A roof has recently been completed for the Executive Engineer, Barrackpore Division, Military Works, at a rate of about Rs. 10 per cwt., but this rate would vary somewhat with the design, but would be, in all cases, below the market rate.

ORDER—No. 790 W., dated 23rd March 1898.

Communicated to officers of the Public Works Department.

(True Extract.)

Under Secretary to Government.

To the Chief Engineer for Irrigation.
