~~Enclosures.~~

Sir,

I have the honor to bring to your notice the good work done by Mr. C. Lawrence, Temporary Subordinate, on Rs 15 and the very hard circumstances of his case.

2 Mr. Lawrence resigned a pensiona appointment in the L. H. Board Service to take up what he was led to believe was a permanent appointment in thi Department; but the Govt. of Indi having refused to sanction the appointm of permanent Surveyors he found himse through no fault of his own without any permanent post. Again he was compelled after a service of nearly 10 y to resign the lien on the Suboverseership, the General orders issued by the then Chief Engineer, directing that mem of Temporary upper Subordinate Estab holding permanent post as lower Subor-tes should either revert or resign their lien on such appointments.

He wa

was again appointed to the permanent
stablishment as special draftsman in
95. & although he is now 42 years of
ge with a ~~somewhat~~ almost continuous Service
tending over 20 years he has only a
ttle over 2 years pensionable service at
s credit.

Under the peculiar circumstances
f the case, therefore, Mr Lawrence
annot hope to qualify for proper
ension. The only way of compensating
him in a measure for his misfortune
s to promote him to higher pay on
is own establishment (Tempy upper Subd)
I have great pleasure in recommending
this for your Consideration.

The details of his case are given
in his printed petition to Chief Engineer
I. D. W., which was disposed of in G. O.
No 1292 W, D/ 21. 3. 96.

Since his appointment as Supervisor
Lawrence has worked well and has
given Satisfaction to his Superiors. He
prepared the Madhavaram Project quickly
and thoroughly, and also the Estimate
r enlarging Chinna Tumbalam tank.
ince then he has been employed on
investigation of Schemes on the
abadra under instructions given by
De Winton. I believe he has
ne good work on this. I strongly
commend Mr Lawrence's promotion
a Salary of Rs 200/- per mensem to
which

which I consider him entitled by his past
and present Services, and also by the ill
-luck he has had through no fault of
own.

I have the honor to be,
Sir
Your most Obedt Servant

Exe: Engineer

Re-write

SUBJECT. Additional staff for Anamalai road works.

FOR ORDERS.

The Dept. is short handed at present, & it has been great difficulty in finding new staff for the special works in progress

An upper subordinate: Sergeant C. J. Smith, has been posted to the Anamalai road works, to assist Mr Lowe, but the Supdt. Engineer IV Circle reports that one more man is urgently required for the works. The undersigned is unable to detach another upper subordinate for this work, all the Circles being more or less short handed.

Two temporary engineers, Messrs Logan and Stuart, resigned their posts some time back, and Lieut. Close, whose services were lent to the Dept., has been called away to field duty.

None of these temporary officers ~~has~~ have been replaced.

There is no fixed establishment of temporary Engineers, and in the letter printed with G.O. No 1325W dated 6.6.95 (flagged M) the Govt. of India said that men of this class might be entertained when required, in cases where the number of officers absent on leave exceeded the provision for absentees, &c.

The provision for absentees in the sanctioned scale of engineer estabt. is 10, and there are at present 13 officers on deputation, or on leave, or about to proceed on leave. Two of these officers will return almost immediately, so that the number of officers absent may be taken at 11, although others will probably apply for leave before long.

Sanction is now requested to appoint one temporary engineer on 250 per mensem, the sum being within the powers of this Govt. — para 109, Chap I, Vol I P.W. Code.

If this post be sanctioned, the undersigned will nominate a candidate to fill it.

increase of pay –

With reference to the S. E.'s note, the rules unfortunately prohibit the consideration of any question regarding service for pension until an officer actually retires. vide Art 995 C.S.R.

C

25/2/98.

Shd we Can we not make him a temporary Engineer on Rs 200 to 250 !

W for orders – Mr Lawrence's case is no doubt a hard one – the hardship being more in the loss of pensionable service than in his present position – but I do not see that anything can be done for him. He is fourth on the list of Supervisors on R 150, one of the men above him having been S.R, another N.R & the third under suspension so he has a good chance of being ultimately promoted –

28/2/98

---

leave 11 officers, while the provision sanctioned is 10 – One temporary engineer may therefore be appointed, & the pay is to be more than Rs 250, India's sanction will be needed under the Code rule above quoted –

It is possible other officers are going on leave, but their applications have not come in yet.

C

2.3.98

apply for sanction for one Temp Engineer on Rs 250

Lt. Col. Buddeley & Mr Russell will return almost immediately & may be

at the end of

Cy 990

W

If sanction of Govt. be obtained to an extra appointment of temporary upper subordinate on Rs 200 or Rs 250, Mr Lawrence can be nominated to the post by you as Ch. Engr.

With regard to a temporary engineership sanction of Govt. must first be obtained to the creation of a post on Rs 200 or Rs 250 – the appointment of Mr Lawrence to such a post would also require Govt. sanction.

Govt. can create any new posts up to Rs 250 per month.
