READ—the following papers:—

From W. C. LEWIS, Esq., Officiating Superintending Engineer, II Circle, to the Chief Engineer for Irrigation, dated 4th October 1898, No. 1083 N.L.

I have the honour to forward herewith for your approval and sanction of Government to the revised estimate and comparative statement for Rs. 1,270 for establishment required for investigating projects in the special Kanigiri sub-division of Nellore division under 43. Minor Works for which neither Capital nor Revenue Accounts are kept, Original Works.

2. The original estimate, amounting to Rs. 200, has been sanctioned by Mr. Hannan.

No. 267 I.

Note by the Chief Engineer for Irrigation.

The revised estimate of Rs. 1,270 submitted by the Superintending Engineer, II Circle, for establishment required for investigating projects in the Kanigiri special sub-division of the Nellore division involves an excess of Rs. 1,070 over the estimate sanctioned by that officer in 1897–98. The original proposal was limited to the investigation of minor projects; but as petty works would not admit of the concentration of labour, two large projects, viz., Hageepuram and Palatipally projects, were selected. As the preliminary investigation showed that these projects are feasible, their detailed investigation has been taken in hand.

2. The revised estimate may be sanctioned.

(Signed) W. HUGHES,
13th October 1898. Chief Engineer for Irrigation.

ORDER—No. 822 I., dated 25th October 1898.

The following revised estimate is sanctioned, in lieu of the estimate of Rs. 200 sanctioned by the Superintending Engineer, II Circle:—

Irrigation.
43. Minor Works and Navigation.
Minor Works for which neither Capital nor Revenue Accounts are kept, P.W.D.
Original Works.
Nellore Division.
Establishment required for investigating projects in the Kanigiri special sub-division.
