6TH CIRCLE.

Trichinopoly, 13th October 1898.

From

Herb. O. V. Boady A.E.

Superintending Engineer,

6th Circle.

To

The Chief Engineer,

for Irrigation

SIR,

2. ENCLOSURES.

1. *S. annua*
1. *Phae.*

2

I have the honor to submit
for sanction of Govt. an estimate
amounting to Rs 100 or Rs 125 including
percentage charges for Establishment &
Tools and Plant, for constructing a sluice
in the L. B. of Palayamparavoo Channel
(a contribution work) taking off the
Suruliy river in the Periyakulam Taluk
of the Madurai District.

2. It is reported that the amount of contribution has been collected and deposited in the Lib Treasury at Periyakulam.

3. Some Guam lands to the extent of 38 acres of Gokulapuram Village are proposed to be irrigated by the sluice. The existing pot

since having been ruined a pukka
masonry sluice as per accompanying
design is proposed to be built
at the site marked on the survey.
The above lands are said to have
been registered as double crop wet,
and owing to the failure of the
sluice the lands have been con-
verted into dry cultivation.

L. The estimate is recommended.

I have the honor to be
Sir,

Yours most obedt Servant.

H. Bodley, Lt Col. R.E.
Superintendent, or Circle
