From the Superintending Engineer,

Circular, dated 1st October 1898, No. 359 E.I.

No. 265 I.

Note by the Chief Engineer for Irrigation.

The accompanying estimate of Rs. 1,440 submitted by the Superintending Engineer, V Circle, provides for reconstructing the Toludur drainage syphon, now in bad order, across the Sholavadiar channel in the Negapatam division, Cauvery delta system. The estimate may be sanctioned, the work being classed as unremunerative.

2. No funds are available for the work at present.

15th October 1898.

(Signed) W. HUGHES,
Chief Engineer for Irrigation.

ORDER—No. 856 I., dated 1st November 1898.

The following estimate is sanctioned:—

Capital Expenditure not charged to Revenue.

49. Irrigation.
Open Capital Account.
Cauvery Delta System.
Vennar Section.
I. Works.
4. Drainage and Protective Works.
3. Works.
Unremunerative Work.
Reconstructing the Toludur Drainage Syphon.

With reference to paragraph 35
Chapter V Volume II of the Code, I have
the honour to submit for sanction and
allotment of funds under the open Capital
accounts, the enclosed plans and estimate
of Rs 1,440/- for re-constructing Toludur
Drainage Syphon across the Shola-
vadiar channel in Tiruturcipurudi taluk
Nagapattam Division.

2. The necessity for the work is explained in the report attached to the estimate.

3. The work is not directly remunerative. It is only to improve the drainage of the Tuledor village. The approximate cost

of the existing syphon is about Rs 600.
4. If the estimate is sanctioned and
funds are allotted at an early date, the
work can be completed by September, 1899.

I have the honour to be,

Sir,

Your most obedt. servant

Anwar
