Endorsement of the Assistant Chief Engineer for Irrigation, Tank Restoration Scheme, dated 16th July 1898, No. 1682 T.

To the Board of Revenue (Revenue Settlement, Land Records and Agriculture), dated 29th July 1898, No. 237 M.

Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), Mis. No. 5040, dated 19th August 1898.

Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), Mis. No. 6012, dated 8th October 1898.

No. 268 I.

Note by the Chief Engineer for Irrigation.

The Board of Revenue (Revenue Settlement, Land Records and Agriculture) brings to notice that as the Timmaraza tank of Yerrampalam village in the Rajahmundry taluk, Gódávari district, threatens the safety of the East Coast Railway, the three mokhasadars concerned were served by the Collector with notices, under sections 5 and 7 of Act IV of 1886, to carry out the necessary repairs to the tank which are estimated to cost Rs. 1,100. It would appear that one of the mokhasadars has offered to pay his one-third share of the cost of the repairs, but as the other two have declined to contribute, the Board proposes that the tank should be repaired at Government expense in the first instance, the cost being recovered thereafter by filing a civil suit. The proposal may be approved.

(Signed) W. HUGHES,
Chief Engineer for Irrigation.

18th October 1898.

Order—No. 880 I., dated 10th November 1898.

The mokhasadars of Yerrampalam village in Rajahmundry taluk, Gódávari district, having failed to carry out the repairs to the Timmaraza tank which affects the East Coast Railway, although the Collector had served them with notices under sections 5 and 7 of Act IV of 1886, His Excellency the Governor in Council is pleased to direct, under section 9 of the Act, that the work be carried out by Government, the expenditure incurred thereon being subsequently recovered from the mokhasadars under the provisions of the Act.

2. The Collector will take care that the procedure laid down in the Act is strictly followed before undertaking the execution of the repairs.

Minor Irrigation Works 1898-99

Application for allotment of

Number	Name of Taluk	Name of village	Name of Source	Area of irrigation				Revenue			Date of occurrence of breach or damage	Amount expended on repairs during the previous five years	Sanctioned grant for 189-9	Grant required for 189-9	Items of estimate B. P. No. 82/13-2-94	Remarks
				Total irrigable ayakat	Present area (average cultivation during last five years)	Estimated area after repairs	Assessment on the total irrigable ayakat	Nominal revenue on the present area of irrigation [illegible]		Revenue expected after repairs						
1	2	3	4	5	6	7	8	9		11	12	13	14	15	16	17
27	Rajahmundry	Yerramapalem	Timmaraju tank											733-5-4		Vide remark against item 10(a) in the allotment application for '96-97. The Executive Engineer, to meet the objections of the Inamdars as far as possible furnished estimates amounting to Rs 1100. The inamdars 3 in number were then served with notices under Railway Protection Act 4 of 1886 calling on them to repair the tank according to the said estimates as they are the beneficial owners of the tank. One of the inamdars offered to pay his 1/3 share of the cost of repairs but the other two have declined to pay. The tank is reported to be dangerous to the East Coast Railway in its present condition; & it is therefore proposed to repair it at Government expense in the first instance and recover the cost afterwards by filing a suit against the dissenting inamdars under the provisions of the Act. The proposed expenditure in column 15 is exclusive of the promised contribution. (Sd) V. A. Brodie Collector of Godavari

REVENUE BOARD OFFICE MADRAS

TANK RESTORATION CENTRAL OFFICE
R. No. 1468
27 JUN 98

Proceedings of the Board of Revenue

(Revenue Settlement, Land Records and Agriculture),

Dated 18th June 1898.

No. 3703 Mis:

READ The following letter from V. A. Brodie Esqr. Collector of Godavari, Dis: No: 2266/Rev dated 25th May 1898:—

27.6.98.

Referring to B. P. No: 2354 Mis: dated 4th April 1898 sanctioning the application for allotment of minor irrigation works for 1898-99, I hav the honor to report as follows:—

2. The aggregate of the amount of the estimates entered in Column 15 of the applications for allotment is 18,615-3-0 as will be seen from the extract of the allotment application enclosed and not 18605-3-0 as pointed out in para 9 of the Proceedings.

Proceedings I therefore request that the amounts as per Column 15 of the allotment application submitted to the Board may, if necessary, be corrected so as to tally with the amounts as per the extract referred to and the ~~amounts~~ difference of Rs. 10 also sanctioned.

3. The information referred to in para 10 was already submitted to the Board through the Chief Engineer for Irrigation in this office Reference on Per. No: $\frac{100}{\text{Reo}}$ of '98, dated 14th March 1898.

4. Item 27 referred to in para 11 being a tank in the Mokhasa village of Yerrampalem which has not been surveyed the information required for Columns 5 to 14 is not available.

5. With reference to para 12 of the Board's Proceedings I request that items 19 and 27 may also be entrusted to the P. W. D. as they require professional skill and involve a large outlay. Item No: 27 is moreover a railway affecting tank.

6. The information called for in paras 2, 3, 4, 6 & 7 will be submitted on receipt from the Divisional officers concerned who have been directed to furnish the same at an early date.

Resolution

From the Extract of the application for allotment received with the letter read above, it is observed that the difference of Rs 10 noticed in para 9 of B. P. 2354 Mis: dated 4th April 1898 is due to the fact that the grant for item No: 12 x was entered in the original application for allotment as Rs 320 instead of as Rs 330.

x Construction of a masonry sluice to Maddula tank of Pallaper Chamavaram of Peddapur taluk.

2. In continuation of para 12 of B. P. 2354 Mis. dated 4th April 1898 the Chief Engineer for Irrigation is requested to have the marginally

marginally noted work executed by the Public Works department from the lump sum placed at his disposal for expenditure on Minor Irrigation works in charge of the Revenue department.

Repairs to the Narasu[illegible] tank of Gadala, Rajahmundry taluk – Estimate Rs 795 – item 19 in the original allotment application.

3. The aggregate amounts of the estimates sanctioned up to date for execution by the Public Works and Revenue departments are as shown below:–

For execution by the Public Works department

	Rs
Amount entered in the margin of para 12 of B.P. 2354 Mis: dated 4: April 1898	1785
Correction made in para 2 above in the estimate for item 12.–	10
Estimate for item 19	795
Total –	Rs 2,590 ⊛

⊛ Includes the estimate for item No: 27 (Vide para 5 infra).

For execution by the Revenue Department.

	Rs - a - p
Amount sanctioned in para 1 of B.P. 2354 Mis 4-4-98	15,274 - 3 - 0
Correction made in para 2 above	10 - 0 - 0
Total	15,284 - 3 - 0
Deduct amounts of estimates to be carried out by the P.W.D.	2,590 - 0 - 0
Balance representing allotments to be spent by the Revenue department	12694 - 3 - 0

4. Item No: 27 refers to the repair of a private tank affecting the East Coast Railway line. It was proposed to repair it at Government expense in the first instance and to recover the cost by filing a Civil Suit against the private owners under the provisions of Act IV of 1886. An estimate of Rs 733-5-4 was accordingly sanctioned in B.P. 2354 Mis: dated 4th April 1898 and it was intended that the amount should be provided from the Minor Irrigation grant. But from para 5 of G.O. No. 501 W. dated 10th February 1896 it would seem that in cases of this kind the required funds should be provided by the P.W.D. from the budget grants of that department. The Chief Engineer for Irrigation is requested to favour the Board with his remarks on the point.

5. The letter of 14th March 1898 referred to in para 3 of the Collector's

Collector's present letter was disposed of in Board's Proceedings No. 2687 Mis. dated 20th April 1898. The information promised in the concluding para of the Collector's letter is awaited.
