READ—the following paper:—

From W. C. DeMORGAN, Esq., Superintending Engineer, I Circle, to the Chief Engineer for Irrigation, dated Waltair, 16th December 1897, No. 925 V.Z.

I have the honour to submit herewith, for sanction, a plan and estimate amounting to Rs. 660 for improvements to Gangama tank of Lovidi Lakshmiapuram, Palkonda taluk, Vizagapatam district.

The necessity for the work has been explained in the report accompanying the estimate.

Expenditure incurred on and revenue derived from the tank for the last five years will follow.

ENCLOSURE.

REPORT to accompany the estimate for improvements to Gangama tank of Lovidi Lakshmipuram.

Amount of estimate								RS.
	...	...	...	...	...	...	...	660

An estimate for Rs. 1,230 for raising the bund of this tank was sanctioned in Superintending Engineer's No. 709 V.Z., dated 7th December 1896, and is in progress.

This estimate provides for re-constructing the existing two ruined sluices in the bund and they will be built in accordance with the accompanying plan.

The combined catchment basin of the tank is 2.05 square miles and the discharge from it is 972 cubic feet. In order to dispose of this surplus there is enough high ground at the left flank to serve as a natural escape.

The whole work will be carried out in accordance with the standard specifications.

(Signed) P. R. ALLEN,
Ex. Engineer, Vizagapatam Divn.

From W. C. DEMORGAN, Esq., Executive Engineer in Charge, I Circle, to the
Chief Engineer for Irrigation, dated Cocanada, 19th January 1898,
No. 1009 V.Z.

In continuation of this office letter, No. 925 V.Z., dated 16th December 1897, I have the honour to inform you that the Executive Engineer, Vizagapatam division, reports that no expenditure has yet been incurred by this Department on the Gangama tank of Lovidi Lakshmiपुरam in Palkonda taluk which has been lately transferred to Government from Messrs. Arbuthnot & Co., but the average revenue for the last five years derived from the tank is reported to be Rs. 700.

No. 20 I.

Note by the Chief Engineer for Irrigation.

The accompanying estimate of Rs. 660 submitted by the Superintending Engineer, I Circle, provides for re-constructing two ruined sluices in the bund of the Gangama tank of Lovidi Lakshmipuram, Palkonda taluk, Vizagapatam district. The bund is now being raised under a sanction accorded by the Superintending Engineer. The estimate may be sanctioned.

25th January 1898.
