present I should say Sub-Engineer Nithianandan Mudr. and Rayappala Iyengar are eligible men. If the two the former is the more intellectual and the latter the more energetic.

SIR,

With reference to your Memorandum No: 5131C of 30th Ultimo, I have the honour to inform you that the only officer Subordinate I have to recommend for promotion to the Provincial Engineer Establishment is Mr. S.A. Swaminatha Aiyar, B.A. BCE Supervisor II grade in Charge of the Chicacole Sub Division.

He has worked under me since 1889, and his merits have more than once been brought to the notice of Government both by Mr. Somers-Eve and myself. He was recommended for a Provincial Assistant Engineer's post on the occasion of the last selection and was specially recommended in the Promotion Recommendation Roll for the half year ending 30th June 1895.

He is now working the Chicacole Sub Division which has been much neglected

the last year. The works jumped ahead within a few months of his taking charge and I give him every credit for energy and ability in pushing them and arranging generally.

I think it my duty to add that in managing his office the sub engineer has not been so successful and that in a case submitted for your orders some months back it was necessary to censure the conduct of the sub Engineer.

The matter was not very serious but I think shews that while Mr Rajagopala Iyengar excels as an engineer on works and is in this respect most strongly recommended as fit to be an assistant Engineer, he does not shew marked aptitude as regards firmness tact and power of Commanding respect in dealing with his subordinates. I do not mean to say that he fails in this respect — he does not do so — at the same time his qualifications in this respect are not marked as are his

more

more strictly professional ones

4/ I have added the above remarks to assist you in placing Mr Rajagopaul Iyengar in the list of those recommended for promotion not with a view to exclude his name as I consider him well worthy of being strongly recommended for promotion to assistant Engineer, Provincial. On the whole I consider him the most competent energetic and trusty worthy subordinate I have ever had under My orders.

I have the honour to be,
Sir,
your most obedient servt

J. Ellis Captain, R.E.,
Executive Engineer,
K.N.Rly.

ENCLOSURES.

SUBJECT.

Supervisor Mr. R Rly V. J. Sreenivasa Iyengar — recommending — for promotion to the Provincial Engineer Establishment.

Petition to me 4th Feb.

S.M. Secs 6 12647/97

[P. W. D. 11-9-94] S. S. N. Press, Nellore.

Office of the Superintending Engineer
2nd Circle
Bezvada 20th December 1897

From

J. E. Paul Logu
Offg: Supg: Engineer, II Circle.

To

The Chief Engineer
Public Works Department

Sir,

With reference to your Memo No. 5131 C. dated 30th November 1897. I have the honour to recommend the following Upper Subordinates for Appointments on the Provincial Engineer Establishment.

(a) Mr. N. Rajagopala Iyengar B.C.E.
Sub. Engineer 2nd Grade. (Temporary)

(b) " S. Panchapakesa Iyr. Supervisor 1st Grade.

(c) " V. J. Srinivasa Iyengar. B.A. B.C.E.
Supervisor 1st Grade. (Temporary)

(d) Sergt C. J. Corneth. Supervisor 2nd Grade (Temporary).

With Complete Correct (Cir 12163 12180) sent to SW on 10-12-97.

2. Mr. Rajagopala Iyengar has been an Sub. Divisional Officer for many years and has earned the highest testimonials from his Superior Officers. He has been thrice recommended

the following November
appeal Pillay petitioned
and Wallock on the same
subject but without success
Sir Henry Stokes remarking
(Appeal Pillai's petition
should be dismissed and
he should be left to the if
he likes, a perusal of the
papers however leaves the
impression that Abdul
Latif is no better than he
should be. The correction of
the cheque and cash book
are very suspicious." It
seems clear therefore that,
although the Magistrate
disbelieved the allegations
of fraud, in the opinion of
our member Abdul Latif
did not, as the Consultation
expression goes, leave the
Court without a stain
on his character.

3 About that time, or [illegible]
thereto, there were seven
petitions against Abdul
Latif and though some
of them were found to be
pseudonymous and others
false it cannot be said
that, in the early months,
he was a credit to the
department.

4 In G.O. No 416 W. dated 16th
Feb. 1894 Abdul Latif was
required to refund the sum
of Rs 158 being about half
what was 'lost by his neglect
of duty". This order was
based on a memorandum x 0-6-12
dated 5th February 1894,
upon which he was reduced to
Appeal. this order he
unsuccessfully appealed
to the Chief Engineer — Col.
Pennycuick — on 9th April

the last year [illegible]

recommended for the Provincial Engineer Establishment and Captain Ellis R.E. the present Executive Engineer of the Kistna Northern Division considers Rajagopala Iyengar "the most competent energetic and trustworthy subordinate he has ever had under his orders."

(b). Mr. S. Ramchandra Aiyar has been in charge of the Power Conservancy Sub Division of the Kistna Western Div since its formation and given every satisfaction. He has been frequently specially recommended and Mr Lewis the present Executive Engineer considers him to be "a man of considerable mental power who takes interest in technical subjects and keeps himself up with modern progress by his reading."

(c) Mr. V. D. Srinivasa Iyengar has been engaged in the investigation of various schemes and given satisfaction by his intelligence and industry. He has also been specially recommended for promotion to the Provincial Engineer Establishment. Mr Wickham the present Executive Engineer of the Nellore Division writes "my predecessors have all spoken well of him and I fully endorse their opinion."

(d) Serjt C. J. Smith has been for two years in charge of the Southern Sub Division of the Kistna Eastern Division where he has given every satisfaction. Serjt Smith did very good work in the late floods and was specially recommended for promotion by Major W.D.C. Baddeley R.E. who thought very highly of him. Mr Wilson the present Executive Engineer of the Kistna Eastern Div. considers Serjt Smith to be "an exceedingly efficient and hard working subordinate who has held charge of the Masulipatam Sub. Div for some time with best results. His arrangement of the subordinates and others working under him is quite satisfactory."

I have the honor to be
Sir
Your Most Obedient Servant
Wm. Willis
Executive Engineer
for Superintending Engineer

Second Circle.

M. Note
The Offg S.E. has not seen this file & I only like it as it is submitted is a matter of regret that loss of chance of appointment to deserving subordinates in this circle — I think V.S. Rajagopala Iyengar has the strongest claims but the placing of the men is a matter for the S.E. & in his absence the original letters of the Superintending Engineer should be sent to the Chief Engr to place the men

note of 20th April 1894, I
consider that as regards
item (a) he was not to
blame, and in paras 4 &
18 of his petition
he makes out a very good
case in his favour. However
Colonel Pennycuick took
a different view and ordered
the refund by
Abdul Latif of Rs 438-8-0
was not rescinded. As
As regards (b) and (c) he
had no case, and these two
items, may without injustice
be added to others in respect
to which his conduct has
rightly been called into
question.

5. But ever since his
last punishment, that of
1894, this Subordinate
has given the greatest
satisfaction to his Superiors

From

V. J. Srinivasa Ayengar B.A.B.C.E.
Supervisor, Cuddalore

To

The Chief Engineer P.W.D
Madras.

(thro' the Ex. Engineer, Cuddalore)

Sir

I beg to submit my application for an appointment of an asst. Engineer-ship in the Provincial Service, to be made next year

I am a B.A. B.C.E. and entered the Dept in 1892. Since then I was put in various Capacities and I believe I gave entire satisfaction to my Superiors. Then the Supdg. Engineer and later the C.H.D Manjeri-banks were favourably impressed with my work and recommended me for an asst. engineership. I was put on Special duty in Cuddalore D., in Connection with Cuddalore Fault: Project & Gundipalem Fault: Project; both of which I did to the best of my abilities. I was then sent by the Supdg. Engineer,

Of the 14 names brought forward, 5 are Europeans or Eurasians, 9 are Hindus, and one a Muhammadan - Since the first appointment of this kind was made in 1893, five upper subordinates have been advanced to the Engineer establt - Of these 4 have been Hindus and one a European - It is recommended, that to make a fair distribution of these promotions, a European be selected on this occasion -

Of the Europeans or Eurasians in the list, the two senior men, Mr J.C. Donnelly, and Mr R.J.P. Enright have declined the appointment - (See clause 3 of para 16, chapter II, Vol I P.W. Code) The remaining three are Sergt. B.O. Reynolds, Sergt. F.W. Cornwell, and Sergt. C.J. Smith - Of these,

I consider Sergt Cornwell more fitted to be an Upper than any of the Subordinate in the Dept with whom I am acquainted - He is a man of refinement & education above his present station in life

H Bell
11.3.98

the undersigned consider that Sergeant Cornwell is best qualified for advancement, both from his personal character, professional ability and the good work he has done in the Department - attention is invited to the Consulting Engineer's recommendation on behalf of Sergeant Cornwell, whose claims

If Sergeant Cornwell be selected, he will be discharged from the army, under G.O. 12. chap II. Vol I P.W. Code

With these remarks the list, and the recommendations submitted by Superintending Engineers are submitted for Hobday's orders

Madras.

Sir,

Enclosures.

With reference to your Memo No. 5131C dated 30th November 1897, I have the honour to state that the Officer in charge of Bellary Division does not recommend any one, but the Executive Engineers Cuddapah and Kurnool recommend very strongly Sub Engineers Messrs. R. J. F. Enright and J. C. Dennehy for advancement to the Provincial Engineer Establishment.

2. The former has been strongly recommended and in this connection I may draw attention to this Office No. 347 W of 22nd January 1897 in which these subordinates were recommended for empl-ment as Temporary Engineers.

3. The reply to your reference on the subject could not be sent earlier as the Divisional Officers' recommendations were received only lately.

Sir,

With reference to your No. 5131 C of 30th Nov 1897, I have the honor to inform you that the following men whose names are placed in order of merit were selected by my predecessor for promotion to the Provincial Engineer Establishment.

Mr J. Kelly, Sub Engineer, 3rd grade.
Mr T. Ramanujam Pillay Sub Engr, 3rd grade.
Mr S. R. Ramachendra sastri, Supervisor, 2nd grade

2. Mr Hannan writes that he has known these men for many years and is well acquainted with them. He considers them exceptionally good subordinates, hard working and intelligent.

3. Mr Kelly is only willing to accept an appointment on the Provincial Establishment as an Assistant Engineer 2nd grade.

Service although it would involve his leaving the Army. If employed in Madras he would draw

Asst. Engr. 1st. Grade	250
House Rent	20
Presidency allce	50
Horse allowance	30
	350

While is more than he draws at the Cottage.

Capt. Reynolds is now drawing Rs 300 at the Cottage, but his services are only on loan, and he will probably revert to the P.W.D. in any case, whether appointed to the Provincial Service or not. As an Engineer in Madras he would draw Rs 350 as above. As a Supervisor 1st Grade in Madras he would probably draw Rs 310, made up as follows:-

Military pay	90
Supervisor 1st Gr.	120
Subdivisional allce	30
Presidency allce	30
Horse allce	30
House rent	10
	310

It would evidently be to his advantage to join the Provincial Superior Establt. He is, I know, particularly anxious to secure promotion, his idea being that, as he has helped Wilkie in the Cottage to train several native Engineers, it would not be pleasant for him to rejoin the P.W.D. in a subordinate position.

I suggest that, before the selection is made, the intention of Government in regard to Sergeant Goddard's employment in the Education

Sir

In continuation of my №. 467 of 24 December 1897 and taking this opportunity of my having been recommended as a candidate for promotion to the Provincial Engineer Establishment I humbly beg to submit the following additional facts for favourable Consideration

I. I joined the Civil Engineering College Madras in 1878 and in the first annual Examination I stood first in the class with first Prizes in Drawing and Engineering and securing a scholarship of Rs 18-0-0 per mensem.

II. In the final Examination held in May 1880 I passed the

BACK PAPERS.

No.	Date.

FURTHER PAPERS.

No.	Date.

Letter from Mr. J. B. Dennehy Sub Engineer to Lt. Johnston Esqr. Executive Engineer, Kaira and Division - D. O. dated 17th January 1898.

On the 17th December 1897, you telegraphed to me to enquire to ask me if I would accept promotion to the Provincial Establishment if offered, I replied in the affirmative expecting that I would get more pay than I now do and not to damage my present prospects of a good pension on my retirement at 55 years.

Unless the promotion carried with it more pay than I receive at present it would be of no advantage at all to me. I would therefore much rather remain on the strength of the Upper subordinates as a Sub Engr. and take my promotion in the Sub Engineer grade. If I was promoted to the 1st Grade Sub Engineer and transferred to the Provincial Establishment I would have no objection as I would have the same advantages in pay and pension as if I remained on as a Sub Engineer by the time I reach the age of 55 years. I beg you will kindly make known my objections (in view of securing my interest in the Department) to the Chief Engineer at an early date.

No. 5677 dated 20 January 1898.

the Supervisor's Test very creditably being First in a batch of 31 students and Securing Royal Engineer Officers prize first Prize in Mathematics (obtaining 81 percent of the marks) first prize in Civil Engineering first prize in Surveying and 2nd Prize in Drawing and in the College Anniversary meeting I was specially spoken of as a man of most distinguished merit

III. Having passed so creditably I was appointed as an Apprentice Overseer 2nd grade at the start in the year 1881 and was confirmed as Overseer of that grade in November 1882.

IV. A statement showing the summary of my past career in the Department, herewith annexed will convince (1) that ever since I entered the Service I have been giving entire satisfaction to one and all the superior officers (2) that I was employed many a time on important Special duty generally entrusted to selected officers (3) that I always take a most intelligent interest in my works and (4) that I have put in an exceptional good service continuously with repeated special recommendations for promotion.

I beg to remain
Sir
your most obdt servant.

Sir,

With reference to your No. 5131 C dated 30th November 1897, I have the honour to submit the names of the following Sub. Engineers whom I recommend for advancement to the Provincial Engineer Establishment.

1. Vellapaukam Nityananda Mudaliyar B.A., B.C.E.,

Is a capable and energetic subordinate. He thoroughly understands his work, moves over the Country he has charge of rapidly, and does his work well as he travels. He takes much trouble and care over all estimates which he has to prepare. He can be thoroughly relied on to carry out instructions rapidly and intelligently.

2. Abdul Latif Sahib.

Is a very capable subordinate, an excellent workman, well up in his work, and of great intelligence. Both the late and present Executive Engineers of the Trichinopoly Division, Mr: R. Allen and Mr: J. Inglis strongly recommend him for promotion on the ground of the excellent service he has rendered in connection with floods in the Cauvery and Coleroon and in averting the danger and damage threatened thereby. In para 9 of Mr: Allen's letter printed with G.O. No: 1049 I. dated 12 December 1896, the services which he rendered last year are specially brought to notice.

During the floods of august of this year he was specially active in averting danger to the River Banks. Mr: Inglis writes as follows:—

" As far as I am concerned I would
" submit that the Sub Engineer has given
" ample proofs of his competency for
" special consideration of his case,
" Viz. the safety of the river banks in
" Trichinopoly Taluq which were
" threatened by the floods of August 1897
" was entirely due to the manner in
" which the Sub Engineer had carried
" out the protective works after the
" floods of July 1896 when he was in
" charge of the works in that Taluq,
" and the impending danger in
" Udayarpalium Taluq where he is
" now employed was averted by the
" readiness and promptitude with
" which he attended to his work."

I have the honor to be
Sir.
Your most obedient Servant.

7th December 1897.

No. 2370

From

G. S. T. Harris, Esq.,
Consulting Architect
to the Government of Madras,

To The Chief Engineer
Public Works Department

Sir,

Enclosures.

With reference to your memo. No. 5131 C dated the 30th November 1897, I have the honour to recommend Sergt. F. W. Cornwell for advancement to the Provincial Engineer Establishment. There is no one else in this Division.

2. Mr. Cornwell has expressed his willingness to accept the promotion and I have much pleasure in strongly recommending him and now give my reasons for doing so:-

(i) He is trustworthy

(ii) Tho: I am no Judge I am given to understand he is quite conversant with the languages spoken here.

(iii) He is great & methodical
(iv) Is a good estimator
(v) He carries his works thro: quickly & gets good work done & manages his workmen judiciously
(vi) He does what he is told & does not follow instructions & therefore will probably get what he wants done for himself

3. He joined the department as an apprentice in June 1887 & was made permanent in June 1888; held charge of Narsapur Sub Division in Western Godavery from June 1895 to April 1896 and of the Sub Division in this Division from March of this year to date. Has been favourably reported on by every officer, under whom he has served, & twice recommended for Special Promotion, once by Mr. Irwin in 1895 when serving in No 2 Sub Division and once in 1896 by Mr. J. E. Paul, when in charge of Narsapur Sub Division. Has received an English public school training, having been educated at the Perse Grammar School, Cambridge.

J.
