NOVEMBER.

Statement of Works sanctioned up to 1897-98 under Open Capital
Rules requiring Renewal of Sanction

Letter from the Government of India sanctioning the extension to the 31st March 1899 of the date fixed for the completion of item 4 (Land compensation, Allur main drain, Sangam anicut project) in the — and requesting that application for an extension of sanction may, in future, be made for the whole schedule instead of for only one work comprised therein, communicated to officers concerned.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Irrigation.

READ—the following paper:—

From O. C. LEES, Esq., Under Secretary to the Government of India, Public Works Department (Civil Works—Irrigation), to the Joint Secretary to the Government of Madras, Public Works Department, Irrigation Branch, dated Simla, 8th November 1898, No. 669 C.W. I.

I am directed to acknowledge the receipt of the Proceedings of the Government of Madras, No. 736 I., dated the 22nd September 1898, and, in reply, to communicate the sanction of the Government of India to the extension to the 31st March 1899 of the date fixed for the completion of item 4 (Land compensation, Allur main drain, Sangam anicut project) in the statement of works sanctioned up to 1897-98 under Open Capital Rules requiring renewal of sanction.

2. I am, however, to observe that this item is one only of a number of works included in the schedule of works required to complete the Sangam anicut system. The general practice is to treat such a schedule as a whole and to report completion when all the works included in it have been completed. The Local Government should, therefore, have entered as item 4, not the "Allur main drain—compensation," but the "schedule of works remaining to be completed on date of closing construction estimate," and the amount should have been Rs. 45,605 and not Rs. 5,600. As the latest of all the dates fixed for individual works in that schedule was 31st March 1897, renewal of sanction for the schedule as a whole is required and the completion of separate items should not be reported until all the works have been completed. I am therefore to ask that application for an extension of sanction may, in future, be made for the whole schedule instead of for only one work comprised therein.

ORDER—No. 905 I., dated 19th November 1898.

To

The Joint Secretary to the Government of Madras,
Public Works Department, Irrigation Branch.

Simla, the 8th November 1898.

Sir,

I am directed to acknowledge the receipt of the Proceedings of the Government of Madras, No. 736 I., dated the 22nd September 1898, and, in reply, to communicate the sanction of the Government of India to the extension, to the 31st March 1899, of the date fixed for the completion of item 4 (Land Compensation, Allur main drain, Sangam Anicut Project) in the statement of works sanctioned up to 1897-98 under open capital Rules requiring renewal of sanction.

2. I am, however, to observe that this item is one only of a number of works included in the schedule of works required to complete the Sangam Anicut System. The general practice is to treat such a schedule as a whole and to report completion when all the works included in it have been completed. The Local Government should therefore have entered as item 4 not the "Allur main drain-compensation", but the "Schedule of works remaining to be completed on date of closing construction estimate", and the amount should have been Rs.45,605 and not Rs.5,600. As the latest of all the dates fixed for individual works in that schedule was 31st March 1897, renewal of sanction for the schedule as a whole is required and the completion of separate items should not

be reported until all the works have been completed.
I am therefore to ask that application for an extension
of sanction may in future be made for the whole schedule
instead of for only one work comprised therein.

I have the honour to be,

Sir,

Your most obedient servant,

O. C. Lees

Under Secretary to the Government of India.
