Proceedings of the Board of Revenue

(Revenue Settlement, Land Records and Agriculture),

Dated 8th October 1898.

No. 6000 misc.

READ

The following letter from Mahomed Raza Khan Esquire, Collector of Kurnool, Dis no: 2959 dated 4th August 1898: -

As instructed in Board's Proceedings no: 2004 dated 19th March 1898, I have the honor to forward herewith two statements marked A and B showing the existing traffic on the Kurnool-Cuddapah Canal, the one relating to the Kurnool - Nandyal Section and the other to the Nandyal Krishnapuram Section. These statements exhibit the traffic carried on during the years 1894-95, 96-97 and

1898
REVENUE DEPT.

Encl. No.

Cur. No.

4035

the average of these four years can, I think, be safely taken to represent the existing traffic.

Read also ^{the following} reference thereon
dated 25th August - 1898.

The Collector is requested to state whether the statements forwarded by him represent the whole traffic on the ~~two~~ ^{two} sections of the Canal:

(a) Between Kurnool and Nandyal

(b) Between Nandyal and
Cuddapah

irrespective of the distance it has carried on the land; or the traffic at Vandyal itself in respect of these two sections. In the latter case, the following would be a correct abstract of the figures:

		Tons		Value	
Traffic from Nandyal	Northwards	353	Rs	35,718	
	Southwards	960		2,45,646	
.. to Nandyal	Southwards	485		55,484	
	Northwards	775		80,672	

In the former Case, it is not clear
what-inference could be drawn in
regard

regard to the question of constructing
a wharf at Nandyal.

Read also the following letter from
Mahomed Razakhan Esquire,
Collector of Kurnool, Dis. No: 3788
dated 30th September 1898:—

With reference to Board's
general Reference No. 5168 dated 25th
August 1898. I have the honor to
state that the statements already
submitted to the Board which
were prepared from figures
supplied by the Canal Deputy
Collector represents the whole
traffic on the two sections of the
Canal viz Kurnool to Nandyal
and Nandyal to Krishnapuram,
and no inference can therefore
be drawn from them touching
the question of the construction of
a wharf at Nandyal.

2. I now submit Copies of two statements obtained from the Deputy Collector showing the traffic by Canal at Kandyal (both exports and imports) during the year (1896 and 1897). ?

1896-97

Resolution.

Resolution.

The statements received with the second of the letters read above, showing the amount and value of traffic on the Kurnool - Cuddapah Canal at Nandyal during 1896-97 will be submitted to Government, with reference to para 2 of G. O. No 1315 dated 16th March 1898. The average for the two years was as follows: -

	Quantity tons	Value Rs.
Exports from Nandyal	289	46,153
Imports into Nandyal	287	32,896
Total	576	79,049.
