SUBJECT.

With reference to G.O. No. 199 W
25-1-98
regarding the taking of finger print
impressions for identification of Public
Servants, I have the honor to remark
that though all public servants
are to be, for the future, identified
in the manner approved, it does
not appear that the apparatus is
to be supplied to any S. W. Offices,
but that of the Chief Engineer.
I would therefore enquire whether
it is intended that the apparatus
is to be borrowed from the Civil
Department or whether I may
submit an estimate for it.
