3. Judging by the expenditure, the progress made during the first half-year was satisfactory in all the districts, except Malabar, Godavari, Kurnool and Coimbatore. No return has been received from the Malabar district, and it is presumed that no expenditure has been incurred out of the small allotment of Rs. 30 sanctioned for the district in B.P., No. 2, dated 4th January 1898. The Collector of Godavari explains that the short expenditure in his district was due to rains which interfered with the progress of works. The Collector of Kurnool attributes the short expenditure to the presence of water having interfered with the execution of repairs to certain tanks in Pattikonda and Nandikotkur taluks and to the difficulty experienced in procuring coolies in the Markapur taluk owing to prevalence of cholera. He reports

that the sanctioned works in the remaining taluks have all been begun and that most of them were completed. In Coimbatore, some works are reported to have been transferred to Public Works Department for execution.
