SIR,

4 ENCLOSURES.

1. Estimate with
Report.
2. Sketch plans
1. Copy of L. L.
Letter No. 177 L.
- 8/1.10.28.

I have the honor to forward an estimate amounting to \$15 or \$19 including P. W. Establishment and Tools and Plant Charges for providing a pot sluice and forming a bank for the leading channel to convey water to Zemin lands situated some 780 feet east of No. 2 Lingolam Tank in Palni Taluk. Madras District. The circumstances under which it has been found necessary to put up the pot sluice is fully given in the Executive Engineer's letter No. 177 E. of 6. October 1895. Copy of which is annexed. I also forward two sketch plans to show the site of the sluice and the proposed bank as well as a group map to show the source

of the Indian Irrigation Channel re-
ferred to in the correspondence and
the estimate report. It will be seen
that the Zamindar Pappanaiyer
has no other means of getting his
lands amounting to 6 acres irrigated
except by the course now proposed
and further the whole cost viz \$19
is said to have been recovered from
the ryot as contribution. Under
these circumstances I recommend
the estimate for sanction.

I have the honor to be
Sir,

Yours most obed^t Servant.
