Buildings hired for storing
tools in the Arnad Road Subv.
Submits for favor of Senate
a statement of _____

BACK PAPERS.

FURTHER PAPERS.

Statement of buildings hired for storing tools in the Ennad Road Sub Division

Sl. No.	For whom required.	Nature of Building	Approximate value	Monthly rent.	How long required	Remarks showing necessity for hiring the building.
1	One store room for the use of the Overseer Mr B. H. A. V. Suria Nara yanayyer Pandalur Section.	Caterite stone walls and thatched	Rs 400.	2 - 0 - 0	From September 1897 to completion of the road.	(1) This was found also lately necessary by the Overseer in charge of the Pandalur road. He is in charge of more than 800 tools (Dynamite pickaxes & other articles) which are now and then returned by the piece workers and which are required for the use of his road till its completion, expenditure incurred up to date in anticipation of sanction.
2	For the Sub-Division Office walls partly tiled Ennad road and partly Sub Division thatched.	Caterite stone	Rs 600.	Rs 3 - 0 - 0	From January 1898 to the abolition of the Ennad Sub Division	(2) Found necessary for keeping the surplus tools which are now often returned by the Sub-Division for keeping the indispensable tools and other valuable instruments, pneumatic compressors and other articles required for the working of the roads of this Special Road Sub Division. A monthly rent of Rs 3 is I think a reasonable amount that can be paid, considering the strength of the building and the safety of the articles kept in it. The office is held in one of the rooms.
