From H. A. MOSS, Esq., General Superintendent, Public Works Stores Division, to the Superintending Engineer, V Circle, dated 10th March 1898, No. 318 S.

I have the honour to submit the annual indent in triplicate No. 1, dated 10th instant, for English stores required from England for 1898-99, amounting to £14,460, which is the amount of estimate of English stores submitted with my letter, No. 141 of 19th August 1897.

From Colonel C. C. RAWSON, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Chepâk, 5th April 1898, No. 236 W.

With reference to your office-note No. 1878 C., dated 28th March 1898, herewith returned, with the papers that accompanied it, I have the honour to forward copy of a note, dated 2nd April 1898, from the General Superintendent, Public Works Stores, and the statement which accompanied it, and to point out that the total in this statement of the General Superintendent amounts to Rs. 2,39,338 whereas the Examiner's figure is Rs. 2,34,394. The statement made by the General Superintendent was made out in a very great hurry in order to reply quickly to this reference, and it is probable that there are small mistakes in the calculations, but it gives all the information required.

The stock in the Public Works Stores at present is very low indeed and as the articles now indented for will not be received until about this time next year, there is no fear that the stock limit will be exceeded.

1898-99 provides under Tools and Plant
"London Supplies" only Rs. 1,01,580,

From W

To S. E. V.

As you applied for a grant of Rs 1,01,560 only to meet the cost of London supplies during 1898-99, this amount has been provided in the preliminary issue of the Provincial civil works budget circulated with G. O. No 486W dated 25th February 1898. The annual indent submitted by you is estimated to cost Rs 2,34,394 or Rs 1,32,834 in excess of the budget provision. Please say whether the latter sum represents the

Examiner is mixing up Tools and Plant with Stock. The indent for Tools and Plant only amounts to Rs 88,752 against the Budget grant of Rs 10,1560.

Stock is a separate matter. No grant is needed for it. It has only to be kept within the reserve fixed. That is in this case value of stock in hand and amount of indent must not exceed Rs 22,5000.

A statement in pencil showing amounts under Tools and Plant and Stock for the various divisions is attached (which please have copied and return).
