BACK PAPERS.

FURTHER PAPERS.

No.	Date.
of his note printed with G.C. No 781W dated 23rd March 1898, the S.E. Circle has entrusted to the Executive Engineer, Coromandel Division, the construction of the Andhra bridge and the 3 1/2 miles of road there- from. The latter Officer reports that, with the existing establishment, the work cannot be supervised pro- perly, and the S.E. supports the proposal and has ^{also} authorized the Executive Engineer to appoint the men in anticipation of sanction. It is therefore recommended that the establishment applied for may be sanctioned, with the reservation that the services of the men should be dispensed with in case the work is completed before the close of the financial year.

1. All proposals for changes in the scales of permanent establishments must be accompanied by a statement in Part I of this form when the changes relate to the engineer or upper subordinate establishments and in other cases by a statement in Part II of this form.
2. The column headed "present scale" should invariably show the existing sanctioned scale (not the strength of the establishment as it actually stands at the time), and should be verified by the Examiner before the statements are forwarded to the sanctioning authority.

Tabular Statement to accompany proposals for changes in establishments.

No 1571.

From

A. A. G. Malet Esq.
Executive Engineer,
Coimbatore Division.

To

The Superintending Engineer
Fourth Circle.

Sir,

With reference to your No 219 M dated
the 13th April 1898, on G.O. No ⁷⁸¹⁴/_{23.3.98} I
have the honor to forward a proposition
Statement for 1 Sub Overseer on Rs. 50,
a Peon on Rs. 6 for work on Aulian
bridge and 3½ miles of road and
request your permission to appoint
the men in anticipation of sanction
In addition to the Sub-Division Officer,
I now have two Overseers in that Sub-
Division for the charge of work in 4½ tahsil
and it would be impossible for them
to supervise the work properly. I have
already advertised for a Sub Overseer

27/0098
3600/20

for the Arkencottah channel, and can select
a man from the applications. I expect shortly.
If however you can get me an experienced
Sub Overseer, it will be better. As soon as a
Sub Overseer is appointed, I can take over
the work from Mr. Loam. In the meantime
I have the honor to request that I may
be furnished with drawings and estimates
of the works if prepared, and definite
instruction as to site of bridge and
alignment of road if settled.

I have &c
Signed/ A. G. Malet
Executive Engineer.

Submitted to the Chief Engineer P.W.D with
a request that he will be good enough to
obtain the sanction of Government to
the proposition statement herewith sent

Encls: 1
Proposition
Statement.

The Executive Engineer has been
authorised to appoint the men in anticipa-
tion of sanction.
