Copy of a letter from A. A. Mo. Inquire, General Super
intendent, P.W. Workshops, at the Superintending En-
gineer, 5 Circle, N. 1/2 S. 5. Dated 6 April 1898:-

I have the honour to request that you will kin-
dly obtain the sanction of Government to the execution
at these Workshops, of the undermentioned work for
the Secretary to the Court of Wards, Madras:-

"Making a letter weighing scales with weights
for the use of the Sivagudi Manager's office"

The work has already been completed, and the cost thereof
Rs 18.2.3 recovered, but as the ^{work} would apparen-
tly fall under the classification of "private work," the
sanction of Government seems necessary under G.O. N.
1077W. dated 2nd April 1892.

2. When the work was undertaken it was considered
as "Work for Quasi Public Bodies," but the classification
was subsequently altered, when it was found that
work done for the Political Agent, Budukotah, was class-
ed as "Private" for which sanction of Government was ob-
tained in G.O. N. 2088W. dated 17 July 1896

3. In these circumstances, I request that the
work already completed may be covered by the sanction
of Government.

N 264 W.

To the Chief Engineer P.W. Department,
for favour of having sanction accorded.
