Read the following paper:—

From the Venerable the Archdeacon of Madras, No. 4402 dated 6th April 1898:—

that
I have the honour to state/the Chaplain of Vizagapatam has reported to me that the Executive Engineer Vizagapatam District considers the roof of St. Pauls Church Waltair to be unsafe and that it would be dangerous to continue holding services in the building.

2. This Church is one that is repaired departmentally but the repairs which are required at present are such as I think could not be well done departmentally and moreover the cost will possibly exceed 1000 rupees.

3. Under the circumstances I have the honour to request that Government will be pleased to direct that an estimate be prepared by the Public Works Department for the necessary repairs.

-----000-----

Order:—No. 48, dated 22nd April 1898.

The Public Works Department will be requested to issue the necessary orders for the preparation of an estimate for the repairs in question.
