enclosure - In that position
the bell will not be heard
in the office, & it is proposed
to have a call bell inside
the main building - otherwise
a person would have to be
permanently stationed near
the instrument, & his services
to the office would be lost.
The Supt. of Telegraphs states
that a rent charge of Rs 10/-
per annum will be made
for the bell, but this
would be cheaper than
employing a person to watch
the instrument -
