OFFICE NOTE No. 2874 B/2

To

W.

Your O. S. No. 7712 dated
8th Instant.

The case is a special one
and may be viewed from two
aspects.

2. If it was proved to be
necessary in the interests of Govern-
ment Service for Mr. Larmine
to have conveyed his horses and
Camp equipment by rail from
Hindapur to Botacamund on
the occasion of his appointment
as Acting Chief Engineer for Irrigation,
Government could have sanctioned
the charge as a State one under
Article 1093, and in that case
it would have cost more for
conveying them again from
Botacamund to Coimbatore for
the present projected tour.

3. On the other hand, the presumption is that Mr. Larmine in taking up his duties as Acting S. I. at Boly could not have required his horses or Camp equipment for use, in the interests of the public Service, immediately or very shortly after his arrival at that Station, and he could not therefore have claimed the cost of their transport by rail at the expense of the State.

4. Mr. Larmine should, however, I take it ^{have} equipped himself in the meanwhile so as to be ready for a journey when the necessity for one arose; Apparently this he did not do, but left his Cattle and equipment at Hindapur in his own interests, and as the distance of that Station from Coimbatore is 320 miles while that from Boly to Coimbatore is only 54 miles (of which 32 has to be performed by road) it would seem incorrect to admit the charge from Hindapur to Coimbatore as a State charge.

5. The question, however, is one of Conlud, and it is for a Government to decide which view of the case should be taken.

as

as a matter of opinion I incline to the latter view.
