To the entertainment of a Serang on
No. 7 to take care of the boat. In reply
to a memorandum from this Office,
calling for an explanation of the
necessity for the proposed rate of
pay, it is explained the Ex. Engineer
explains that a man who knows
the work should be employed as
Serang; that it is not possible to
get such a man for temporary
hire; that it will be sometime
before the lascars of the permanent establish-
ment can be trained to the work,
and that the proposed rate of pay
cannot be reduced during the
current year. Apparently a man
has already been entertained
and, under the circumstances re-
ported, it is proposed to sanction
such entertainment during the
current year, and to direct that a
lascar of the regular establish-
ment being put in charge, on the
expiry of the present sanction.
