GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following paper :—

From Brigadier-General G. SIMPSON, C.B., Deputy Adjutant-General, Madras Command, to the Chief Secretary to Government, dated Ootacamund, 22nd August 1898, No. A.—N.T.-13594.

I am desired by the Lieutenant-General Commanding the Forces to forward herewith 400 copies of the annual report for 1897-98 on the employment of military pensioners of this Command in civil capacities, and to request that, under the orders of the Government of Madras, these copies may be distributed amongst Civil officers in the Presidency.

2. His Excellency proposes to send copies of the report to the newspapers mentioned below :—

"Madras Mail."
"Madras Times."
"Madras Standard."

"Daily Post", Bangalore.
"Nilgiri News", Ootacamund.

3. The Lieutenant-General considers that the report appears satisfactory in so far as it shows that every effort has been made both by the Civil and Military authorities to provide employment for pensioners, the modified success attending which appears to be mainly due to the apathy of the pensioners themselves.

ORDER—No. 1084, Public, dated 26th August 1898.

Communicated to all heads of departments, whose attention will be invited to the remarks in paragraph 1 of G.O., No. 593, Public, dated 8th June 1896.

(True Extract.)

28,368	6,479	927	61	10,211	3,574	4,480	2,636

N.B.—Percentage of employed Pensioners is 62.95 and of unemployed is 37.05.

FORT ST. GEORGE,
Office of Supdt. of Pensions,
29th July 1898.

R. F. R. FORMBY, CAPTAIN,
Superintendent of Pensions.

Agreeably to the suggestions contained in G. O. No. 1700 Public, dated 22nd December 1897 forwarded to this office under your No. ^AN. T. 1235, dated 24th January 1898, a list of all Pensioners specially recommended for employment, and of those for whom I. A. Forms 409-A had been received was printed and circulated largely in March 1898; and a subsequent quarterly list was issued in June 1898. The few I. A. Forms 409-A received on account of Reservists were not included, as this Department has no cognizance whatever of such men.

5. A statement B showing the number of Pensioners employed in the several departments on the 31st March 1898 is also enclosed. It will be noted therefrom that there is a nett increase of 64 Pensioners employed in Government Departments, but it is to be regretted that there is a falling off in the numbers employed by the Jail, Forest, Salt and Abkari, and Postal Departments: from the first three of those departments many applications have been received for men, but it is found most difficult to induce Pensioners to take up appointments involving any hardship such as travelling, absence from home, night duty, or employment in cold or unhealthy districts. A number of applications have also been received for men to serve in Government Offices and the Police on the Nilgiri Hills, very good pay being offered, but although every Regimental Commanding Officer and Pension Paymaster has been communicated with, only some two or three men have yet been found willing to accept such employment. As many men of short service are now pensioned under the provisions of the latter portion of para. 2310 (a), A. R. I., Vol. II, Discipline, it would appear that the "unwillingness to serve" which makes a man an encumbrance to his Regiment, also nullifies all the exertions of this department and Government, to find him employment when he is pensioned, the very liberal regulations concerning Pension and Rice money being doubtless responsible for this unwillingness.

6. The nett increase of 17 in the total number of Pensioners employed is a smaller increase than has occurred during any year since 1891-92, when it was only 6; during that period, owing to a semi state of famine in some districts, the rate of Rice Compensation was abnormally high, and it is probable that the same cause has had a similar effect during the period now under report. It may however be noted that a higher percentage of Pensioners possible to be employed has been reached this official year than during any previous similar period, viz., 20.46 per cent. A statement on Form D is attached showing the total No. of Pensioners on the establishment on the 31st March 1898 from which it will be seen that 2636 Pensioners are shown as seeking employment; of this number 1357 are at Bangalore, the majority of whom will not take any employment on Rs. 7 or 8 per mensem unless it is actually at their own house doors. The percentage employed of those nominally willing to be employed is 62.95 per cent. leaving 37.05 per cent. unemployed. I am of opinion that all Pension Paymasters and most other Officers in charge of Pensioners do their best to secure employment for Pensioners willing to accept what is offered.

7. During the past year, 25 Pensioners have been convicted of crime in consequence of which 1 has been removed from the Pension list, 13 have been re-enrolled on reduced Pensions, and 11 have been re-enrolled as before, all being removed from the Employment Register.

8. A Register is maintained for European soldiers wishing for employment: several have been registered and a few have been found good situations, but the majority of these applicants fail in the requirements of employers by not knowing any vernacular language.

R. F. R. FORMBY, CAPTAIN,
Superintendent of Pensions.

FORT ST. GEORGE,
OFFICE OF SUPERINTENDENT OF PENSIONS,
29th July 1898.

0001
7599/58

Report by Captain R. F. R. FORMBY, Superintendent of Pensions, on the Employment in Civil Capacities of the Pensioners of the Madras Army for the year 1897-98.

The Report dated 30th July 1897 showed 4463 Pensioners as remaining in employment on the 31st March 1897, and during the year commencing from 1st April 1897 to 31st March 1898 employment has been found for 1210 Pensioners; during the same period 1193 Pensioners have ceased to be employed for reasons given in the margin, thus giving a nett increase of 17 Pensioners during the year, leaving a total number of 4480 Pensioners remaining in employment on the 31st March 1898, *vide* Statement A enclosed.

The percentage of employed Pensioners has risen from 20.15 to 20.46 during the year under report. The totals on which these percentages are calculated include men who are unfit from old age and other causes. It may be noted that the number who voluntarily resigned is an increase of nearly 200 under that heading as compared with the previous year, which may be accounted for by the abnormally high rate of Rice Compensation which was payable during the period under report.

2. The number and average service and age of the fighting men transferred to the Pension Establishment during the year under report was as follows:—

Ranks.	No.	Average.			
		Service.		Age.	
		Years.	Days.	Years.	Days.
Subadars	42	25	243	43	334
Jemadars	18	19	190	37	244
Havildars	98	20	278	39	206
Naicks	73	17	210	36	178
Drummers, &c.	19	21	35	37	268
Privates, &c.	707	19	310	38	214
Total	957				

3. The approximate saving effected to Government on account of Rice money withheld from these Pensioners during the year is Rs. 94,366-12-1 as against Rs. 66,733-7-6 during the preceding year ending 31st March 1897, giving a nett increase of Rs. 27,633-4-7. This is due to the exceptionally high rate of Rice Compensation payable at all stations. A statement is attached marked C giving the number of Pensioners employed, and the saving effected since the first calculations were made.

4. The number of Pensioners seeking employment on the 31st March 1898 is 2636 as against 1034 in the previous year. This number includes all Pensioners without any limit of age. 333 India Army Forms 409-A, on account of men of good and similar character have been received from the Officers Commanding the several Madras Regiments up to 31st March 1898; when the same have not been received for Pensioners, Commanding Officers have been communicated with, and replies have been received either that the men were not desirous of any employment, or that the officers did not wish to recommend them for any.
