No.	Date.

Letter from A. G. Cardew Esq.
 M. A. I. C. S. Inspector General
 of Prisons, Madras to the
 perintending Engineer W. Leick,
 Coimbatore No. C. 2224, dated
 22^d October 1897.

with reference to the
 Estimate amounting to Rs 4150
 for strengthening with iron struts
 the frames of the windows &c
 in the Central Jail at Coimbatore
 which has been sanctioned
 in G. O. No. 2139 W. dated 4th Au-
 gust 1897 and to the accompanying
 copy of letter No. 3495 dated 4th
 September 1897 from the Executive
 Engineer, Coimbatore Division,
 I have the honour to state
 that

that, as the work is only to be undertaken when funds are available and there may be a long delay, it would, I think be better to adopt a less expensive method of strengthening the windows &c viz by fixing double iron plates $\frac{1}{16}$ " thick to the frames of the windows into which the ends of the iron bars are inserted. This work could be carried out for a couple of hundred rupees or so and might be done at once. It would give practical security, if the heads of the screws fastening down the iron plates are filed off at the level of the plates. If you approve, I would enquire whether an Estimate, which would be a very simple

Simple one, can be preparation in lieu of the Estimate for Rs 4150.

2. I enclose for your inspection and return copy of an Estimate for Rs 110 for a similar work which has only recently been carried out in the Rajahmundry Central Jail.

Superintending Engineer's
Office: W Circle 25 September, 1898.

From,

A. H. Garrett Esq.
Superintending Engineer:
W Circle.

To

The Chief Engineer:
P. W. D.

Sir,

Encls: 1.
Copy of letter

I have the honour to request
you will be good enough to cancel
the estimate of Rs 4150 for strength-
ening with iron straps the frames
of the doors and windows in the
Central Jail at Coimbatore, sanc-
tioned in G.O No. 2139W, dated
4th August 1897.

This estimate was sanc-
tioned for execution when funds
are available, and as there was
no

83/10028
1370

no likelihood of funds being
allotted ~~soon~~^{soon}, the Inspector-
General of Prisons in his letter
No. 2224 dated 22^d October 1897
(copy enclosed) requested that
a less expensive method of
strengthening the windows &c
might be adopted by fixing
double iron plates $\frac{1}{16}$ " thick
to the frames of the windows
into which the ends of the
iron bars are inserted. An
estimate amounting to Ru-
pees 1630 was accordingly
prepared and sanctioned
by me for execution after
obtaining the approval of the
Inspector-General of Prisons.

I have the honor to be,

Sir,

Your most obedient servant

Andruud.

Superintending Engineer
