Office-note from the Examiner, Public Works Accounts, dated 18th October 1898, No. 3543 B./A.

Returned with the following remarks.

2. The capital cost of the building as per books of this office is Rs. 215, and not Rs. 180 as entered. Again, charges on account of establishment and tools and plant should not have been calculated as the building was in existence on the 7th September 1888—vide Code, Volume I, X, 28 I (b).

3. It is not clear how the average cost of Rs. 64 entered in column 11 has been arrived at; but as the figure is considerably in excess of 3 per cent. on capital cost as noted in rule 28 (d), the figure may be accepted and the data statement approved as corrected with reference to the remarks in paragraph 2 above.

4. The rent to be recovered from the Overseer may be limited to Rs. 6-8-0 per mensem as calculated on the value of the building, if Government is satisfied that the upper subordinate is practically compelled to occupy the building for the convenience of the works on which he is employed, and sanction the arrangement as a special case under Code, Volume I, X, paragraph 31.

ORDER—No. 2778 W., dated 31st October 1898.

The data statement, as corrected by the Examiner, is approved.

2. The rent to be recovered from the Overseer will, as a special case, under paragraph 31, chapter X, Volume I of the Code, be reduced to Rs. 6-8-0 per mensem.
