SUBJECT.

Note. Sanction is applied for to the local purchase of 117 corrugated zinc galvanized iron sheets for coolies sheds in connection with the bridge path which is being constructed ^{over} the Villony Pass on the Anamalais. It is shown that it will be more economical to purchase sheets 7' x 2' instead of obtaining the sheets 7' x 2' 6" available at the ^{stores} P.W. workshops. The 7' x 2' sheets are specially suitable for carriage on coolies heads. Two such sheets make 40 lbs, the usual cooly load on the Anamalais, whereas each of the sheets

 sheets available at the workshops.
 weighs 30 lbs, & only one can be
 carried by a cooly. This is not
 economical as 10 lbs of carrying
 power is thus wasted, & carriage
 is a heavy item of expense in
 this work. Sheets of a ^{heavier} ~~heavier~~
 gauge have not-heretofore so much
 covering capacity.

The total cost of purchasing
 locally 117 of these 7'x2' sheets is
 Rs 250-4-0. If the same sheets
 are obtained through the India
 office the cost will be Rs 256.
 The local purchase of these
 articles is therefore recommended.
