GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

Read—the following paper :—

From R. HILL, Esq., Superintendent, Government Press, to the Chief Secretary to Government, dated Madras, 5th September 1898, No. 3845.

I have the honour to submit the annual report on the working of the Government Press, and its branch at the Penitentiary, for the year 1897–98.

2. *Superintendence.*—Mr. H. G. Skeen has recently been engaged as Assistant Superintendent under a five years' agreement from the 2nd December 1897.

3. *Accounts.*—The total receipts were Rs. 65,011–8–1 against Rs. 79,919–1–7 during 1896–97. The cash realizations amounted to Rs. 32,447–10–6 against Rupees 36,694–11–2 in 1896–97. There was an increase under receipts for subscription to Indian Law Reports, and a decrease under printing and binding. Rs. 31,919–4–0 was remitted to the bank against Rs. 36,280–5–2 in 1896–97.

4. Under Adjustments the amount recovered was Rs. 33,092–4–1 against Rupees 43,638–12–5. The receipts under sale of manuals, forms, &c., paid into mufassal treasuries was less than that in the previous years, and are as follow :—

	1896–97. Rs.	A.	P.
Printed forms supplied to Railways by Superintendent, Government Printing, India	370	8	0
Copies of judgments by Civil Courts	95	15	0
Abkári forms by the Commissioner, Separate Revenue Department, Madras	1,486	5	8
Manuals, Acts, &c.	882	9	11
Puttah and puttah transfer forms, settlement registers, katchayets, abkári, opium and ganja forms, receipt books, &c.	12,387	4	0
Total	15,222	10	7

5. The budget grant was Rs. 2,53,510 and was supplemented by an additional grant of Rs. 5,700 for the payment of overtime allowances disallowed during 1896–97. Rs. 4,500 of this additional allotment was surrendered—*vide* G.O., No. 201, Financial, dated 28th February 1898. The total disbursements were Rs. 2,51,895–7–9 against Rs. 2,50,298–6–5, the increase being caused by the payment of the arrears of overtime allowances for 1896–97.

6. *Expenditure.*—The following comparative statement of expenditure shows, at the Government Press, for printing departments an increase under earnings and salaries, overtime, and miscellaneous ; for the binding department an increase under overtime ; for the type foundry an increase under contingencies ; and for the publication department an increase under contingencies. The apparent large increase under overtime is due to a stoppage of payment in May 1896 owing to an objection being taken to such payments under certain sections of the Civil Service Regulations. These objections were not withdrawn until August 1897, when payment of overtime, with arrears, was resumed. At the Penitentiary Branch Press, for the printing departments an increase under salaries and miscellaneous with a decrease under convict labour caused by one month's adjustment not being included in the official year ; for the binding department a decrease under miscellaneous. Statement No. 2 gives the details of this expenditure apportioned between the several departments.

13. The usual quinquennial stock-taking and valuation of plant was completed early in the official year. The increase in value of Rs. 49,720 between the old book value and the market value is due to the system in force since the last stock-taking in 1891 of crediting all types manufactured in the press at actual cost price instead of at their market value. Government has approved of the suggestion that in future all materials manufactured in the Press should be credited in the stock books at their market value to make the book value approximate more closely to the actual value. On the 1st April 1897 there were 1,392 pairs of cases, 5,250 chases, 547,912 lb. of english types, 59,214 lb. of vernacular types, 89,174 lb. of leads and quotations, 22 printing machines, 34 hand-presses, 28 machines and 21 presses for miscellaneous binding operations, 10 type-casting machines, 4,392 matrices and 4,322 punches in the Government Press; at the Penitentiary Branch there were 795 chases, 12,599 lb. of english types, 8,579 lb. of vernacular types, 8,736 lb. of leads and quotations, 14 printing machines and 19 hand-presses.

25. *Earnings of compositors.*—At the Government Press the average monthly earnings of compositors were Rs. 15–1–5 against Rs. 13–7–6 in 1896–97; of individual earnings 2 compositors earned over Rs. 30, 6 over 25, 62 over 20, 120 over 15, 153 over 10, and the remainder were below that sum. At the Penitentiary Branch there were 22 prisoner-compositors employed throughout the year and their average earnings were Rs. 8–12–2, there were 23 working for several months and their average earnings being Rs. 5–14–4, and there were 14 learners whose average earnings were Rs. 4–12–9; the corresponding figures for 1896–97 were Rs. 8–0–6, Rs. 5–5–6 and Rs. 3–5–11 respectively.

26. *Technical school.*—In December 1897 14 students appeared for the Government Technical examination for Compositor's work (Elementary) and 4 passed in the second class; for the Intermediate examination 2 appeared and 1 passed in the second class; for Proof-reader's work (Elementary) 9 students appeared and 1 passed in the second class; for Press-work (Elementary) 6 appeared and none passed; for Machine-work (Elementary) 3 appeared and 1 passed in the second class; for Bookbinding (Elementary) 10 appeared and 5 passed in the second class; for Stereotyping (Elementary) 2 appeared and 1 passed in the second class. On the 31st March 1898 there were 16 compositors, 7 volunteer compositors and 9 reading boys studying for compositor's work; 1 compositor, 12 proof-readers and 5 reading boys were studying for proof-reader's work; 4 compositors and 6 proof-readers were studying for press-work; 2 compositors and 1 machine-minder were studying for machine work; 20 binders were studying for bookbinding work; and 3 type-foundry employés were studying for stereotyping and 6 for typecasting. With reference to the remark of Government on last annual report that the results of the technical examination are not satisfactory, it is submitted that, although the results of the press school may not compare favourably with those of purely full-time educational institutions, the results must be considered satisfactory considering the number of hours for teaching before or after work are not many, and these are encroached upon by urgent work which compels many of the men to be away from their classes; further the majority of the students are merely beginners as the older men do not interest themselves in learning their work more efficiently when there is little prospect of pecuniary benefit.

27. At the Penitentiary Branch the class for teaching long-sentenced prisoners to read English and the technical classes were maintained throughout the year.

28. *Volunteering.*—At the end of the year there were 18 press employés in the Madras Volunteer Guards.

29. *Service registers.*—The service registers of the permanent establishment were written up to 31st March 1898.

30. *Inventory of stock.*—With reference to G.O., No. 920, Financial, dated 18th September 1893, the inventory of stock of plant is maintained as per paragraph 12 of this report.

31. *Printing at private presses.*—542 bills amounting to Rs. 1,25,367–5–6 were checked and passed for payment during the year, against 626 bills for Rupees 1,04,686–11–3 in the preceding year (see statement No. 6). The amount retrenched from the bills was Rs. 1,125–14–4.

Order—No. 1258, Public, dated 8th October 1898.

Recorded.

2. The receipts during the year amounted to Rs. 65,011-8-1 as compared with Rs. 79,919-1-7 in 1895-96. The actual disbursements, Rs. 2,51,895-7-9, exceeded those of the previous year by Rs. 1,600, the increase being entirely due to the payment during the year of overtime allowances earned during the preceding year, but held under objection.

3. The following table compares the total cost of the Press for the two past years. The figures include allowances for depreciation and other charges not met by actual disbursements :—

Receipts.	1896-97.			1897-98.

4. The printing work done by the Press during the year is exhibited in paragraphs 18 and 19 of the report and in Statement No. 4. There was a considerable increase at the Government Press both in the number of pages set up and in the number of impressions. There was a decrease in the number of impressions at the Penitentiary Press, the work of which is chiefly confined to the printing of forms. The decrease too, it is observed, occurred entirely under work done for Imperial departments. As far as this Government and its departments are concerned the Press was employed to a greater extent than in the previous year. The fall in the cost per page and per 1,000 impressions is satisfactory.

5. From Statement 6, which shows the number of bills for work done at private presses checked by the Superintendent, it is observed that work done for Military offices, not connected with this Government, comes under the supervision of the Superintendent. The orders regarding the checking of bills were issued by this Government and relate only to Provincial departments. No Imperial offices, except those of the Military Department, are shown in Statement 6. The Superintendent should ascertain whether the checking of these bills for the Military Department is required by the rules of that department : if not, there is no reason why the work should in future be undertaken.
