Read the following:-

Letter from Commander W.Aves, R.I.M., Actg.Presidency Port Officer, Madras, No.163/333 G, dated 29th September 1898:-

From the provision of Rs.5,700 in the Marine Budget for the current year for a 15 ton crane for Tuticorin port, a sum of Rupees 2,400 was allotted for a 5 ton crane to be purchased instead from the Public Works Workshops (vide G.O.Marine No.586, dated 6th July 1898). The actual charges on account of the 5 ton crane now amount to:-

Value of Crane.....	Rs. 2,007-4-0	
Public Works percentage...,,	491-12-5	
		2,499-0-5
Railway fare to Tuticorin.....		381-3-0
Removal from Railway station, Tuticorin, fitting and placing in position.....		175-8-0
Total		3,055-11-5

There is thus an excess expenditure of Rs.655-11-5 which I request may be appropriated from the balance available from the provision of Rupees 5,700 above specified.

2. The General Superintendent Public Works Workshops informs me that the charge of Rupees 491-12-5 is the usual percentage of 24½ % for Establishment and tools and plant leviable on articles issued from his division to Departments other than the Public Works Department, and that it is only when articles are issued from his surplus stock that this charge is not made.

Endorsement thereon in the P.W. Department No.4395 G, dated 7th October 1898.

Forwarded.
