SEPTEMBER.

Famine-relief works.—Reviewing the programme of — from the Collector of Coimbatore for 1898–99.

PROCEEDINGS OF THE BOARD OF REVENUE

(REVENUE SETTLEMENT, LAND RECORDS AND AGRICULTURE).

READ—the following letter from J. A. CUMMING, Esq., Acting Collector of Coimbatore, to the Secretary to the Commissioner of Revenue Settlement, Land Records and Agriculture, dated 24th April 1898, Dis. No. 1216-Rev.:—

I have the honour to submit the programme of famine-relief works for 1898–99 in forms A, B and C for the Coimbatore District.

2. The programme has been prepared in accordance with the instructions issued in B.P., No. 654, dated 6th October 1897. As directed in paragraph 4 of the Board's Proceedings the estimates for most of the petty works have been sanctioned.

3. Referring to paragraph 9 of this office letter, Dis. No. 3904-Rev., dated 18th November 1897, I have to report, that the District Forest-officer, North Coimbatore, who was asked to make suggestions with reference to the remarks of the Conservator of Forests regarding the forest fencing works originally proposed by him, now says that in cases where stone is not available for fencing, allowance has been made for a really strong bank of soil on which a stiff fence could be erected without trouble. As he does not consider that there would be any difficulty in maintaining them, I have included them in this year's programme.

4. I regret the delay in submitting this programme. It is partly due to my having been on tour in the Anamalais.

RESOLUTION—No. 343, dated 13th September 1898.

The abstract of the programme of famine-relief works for 1898–99 received from the Collector of Coimbatore, as revised by the Board, will be submitted for the information of Government.

2. The abstract submitted by the Collector included the marginally-noted irrigation projects, though these were correctly shown as additional works at the end of the detailed Statement I. They have therefore been omitted in the revised abstract of the programme. The Chief Engineer for Irrigation will, however, be requested to inform the Board in what stage the investigation of the Muthukulam project at present is, and of the results of the further inquiries in respect of the Kálingaráyan channel improvements and of the Bhaváni reservoir project, referred to by him in his note on the subject communicated in G.O., Mis. No. 3658, dated 16th July 1897.

Coimbatore taluk.

	Rs.
1. Muthukulam project	8,00,000
2. Water-supply to Coimbatore town.	25,000
Erode taluk.	
3. Kálingaráyan channel improvements	6,50,000
Satyamangalam taluk.	
4. Bhaváni reservoir project ...	44 00,000

3. The following table gives a description of the relief works provided for with the amounts involved in lakhs of rupees:—

Nature of works.	Large works. Sanctioned.	Large works. Not sanctioned.	Small works.	Total.
Irrigation works .. New (one) ..	..	0·95	..	0·95
Irrigation works .. Repairs ..	..	5·91	1·26	7·17
Forest works	..	0·29	0·08	0·37
Roads .. .. .. New (645 miles) ..	0·82	3·18	1·92	5·92
Roads .. .. .. Repairs ..	10·99	2·34	4·28	17·61
Drinking-water supply	..	0·10	0·72	0·82
Other miscellaneous works ..	..	..	3·63	3·63
Land improvement works	..	..	1·00	1·00
Total ..	11·81	12·77	12·89	37·47

Nearly two-thirds of the provision consists of road works and one-fifth of irrigation works. The miscellaneous works include an unsanctioned large work in the Coimbatore taluk, viz., removing the trees and bushes obstructive to the Noyel river. The work is no doubt of a sort for which it is difficult to prepare an estimate, but the attempt should be made on the best data available.

4. The large irrigation works included in the programme do not include any sanctioned work, nor has an estimate been got ready for any of these works. They are shown below: one is for the construction of a new tank at Dhárápuram, while the others (proposed, it is stated, by the Public Works Department) are for deepening the beds of the several tanks. If by the deepening of tanks is meant the clearance of silt therefrom, the Chief Engineer is requested to state whether, in reference to his letter printed in B.P., No. 811, dated 18th December 1891, these works have his approval. If so, the preparation of the necessary estimates for them should be taken on hand as soon as possible and sanction obtained.

	Do. do. Andiyur tank	10,840
Bhaváni ..	Do. do. Vembathi tank	7,680
	Do. do. Kavanthappádi tank	9,480

5. The total provision in the programme amounts to Rs. 37,47,180 and the works are considered sufficient to provide employment for three months for 25 per cent. of the population of the district. Adequate provision has been made in all taluks.

6. Estimates are reported to be ready for works to cost Rs. 27,63,060 or 76 per cent. of the total provision, exclusive of the Land Improvement Loan works.

7. The provision made for the repair of irrigation works as entered in Statement II shows an excess over the amounts appearing in Statements I and III in all taluks except in Bhaváni. According to Statement II a sum of Rs. 2,925 is provided for irrigation repairs in Pollachi, while in Statements I and III no entry appears under this head. These variations require explanation.
