Copy of Letter from Mr. [unclear]
Executive Engineer, Cuddalore Division, to the
Superintending Engineer, III circle, Bellary.
No. C 624, dated 14th October 1898.

In December 1897, Rs 2.14.0 was paid to Mr. Govindasamy Naicker, Railway Apothecary, being the cost of medicine administered to peon Muxa Miak, who had an attack of Cholera while on duty. The peon died and the amount paid to the Apothecary was debited to contingencies.

The Examiner Public Works accounts points out in his audit note that sanction of Government is necessary for the admission of the charges and has therefore passed the amount provisionally.

I have therefore the honour to request the favour of your obtaining sanction of Government in this special case so as to authorize the Examiner to admit the Charge.
