(a) For repairing Marine godowns. This is an approximate figure fixed by the Consulting Architect to Government who is now preparing an estimate for this work.

(b) The decrease is anticipated under service telegrams. Communication with the northern ports are now made to a large extent by post (through the East Coast Railway) instead of by telegrams as hitherto.

(c) Provision is made for wages of a punkah-puller for the office establishment of the Agent for Government Consignments for six months in the year.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper:—

From the Accountant-General, Madras, 1st 49,
dated 10th January, 1898:—

I am informed by the Presidency Port Officer
that the repairs of Marine Lolluns for which a
provision of Rs 600 for next year is entered in Govern-
ment Order No 831 Financial, dated 6th October 1897
is to be executed by the Public Works Department.

I have the honour therefore to request that
Government will be so good as to transfer the amount
to the estimates of that Department. I may add
that the Presidency Port Officer has no objection to
the transfer. In anticipation of approval I have
retained the Budget estimates under 21 Marine
by that amount.

Order:— No 90 dated 2nd February, 1898.

The Accountant-General's action is
approved.

The Public Works Department will
be requested to make the necessary provision for
the

the grant of 25 lakhs placed at its disposal.
