SIR,

I have the honour to bring to your notice that the Survey Establishment sanctioned in G.O. N^o 1763W. dated 15-6-96 for the preparation of plans and estimates for constructing tunnels and bridges &c. on the road from Parnasala to Gurrapahara in the Dummagudem Sub Division, Godavari Eastern Division was employed on the dates as shown below:-

Surveyor - 17th December 1896, to 2nd March 1897, and again from 19th March to 11th August 1897.

Survey lascars from 17th December 1896, to 2nd August 1897.

Draftsman from 18th December 1896, to 16th June 1897.

2. The Surveyor was therefore employed for 7 months and 10 days; Survey lascars for 7 months and 17 days, and the Draftsman for 6 months and 16 days.

3. The reason for retaining the Establishment for a period in excess of that sanctioned is given below:-

4. On the 27th May 1897, the Executive Engineer reported that the Estimate for earthwork, gravelling &c. of the road

Recd.
22/1/98
12/2/98

was prepared together with designs for 6 masonry works and requested instructions in regard to the retention of the establishment; on 4th June 1897, my predecessor requested the Collector, Godavari to give his opinion whether further investigation of the road should be proceeded with, and his final reply stating that the road is not worth further investigation was received on the 17th July 1897; the interval between this and the date on which the Surveyor was discharged was taken up in communicating the orders to the Surveyor and giving instructions for recording his surveys &c. The draftsman was relieved on the afternoon of the 16th June 1897, as his services were required in this office.

5. A proposition statement in the prescribed form is herewith enclosed with the request that, under the circumstances stated above, you will be so good as to obtain the sanction of Government to the same.

I have the honor to be,
Sir,
Your most obt. servant.
