see next page - liar, draftsman on Rs 70 in
the P.W. workshops, appeals
against the order of the Chief
Engineer directing his retire-
-ment on 1st April 1899.

The man is 58 years
old & ^{has} a service of $34\frac{1}{2}$ years.
If retired on 1st April 99 he
will get a pension of Rs 32-11-2
He will ^{be entitled to} get a maximum
pension of Rs 35 if allowed
to remain in the service till
1st March 1902.

The man is pronounced
to be perfectly useless, &
the Supt. Hyg., & bivalve, strongly
objects to the workshops
being saddled with him
longer in order that he may

add a couple of rupees
to his pension.

It is expedient in the
interests of the public service
that this man should
be retired at once, & it
is therefore submitted that
his request be rejected.

HIS EXCELLENCY

Sir Arthur Elibank Havelock, G.C.M.G., G.C.I.E.,

Governor of Fort St. George,

MADRAS.

(Through the General Superintendent, P. W. Stores and Workshops
and the Superintending Engineer, V Circle.)

The Humble Petition of T. TEROOVANGADUM
MUDALIAR, Draftsman, 1st Class, in the
Office of the Public Works Workshops,
Madras,

Most Humbly Sheweth:—

That your Excellency's petitioner entered the service of Government on the 15th September 1863 as Clerk and Accountant in the late Special Executive Engineer's Office, Madras, and on the abolition of that office he was transferred as Draftsman and Estimator in the offices of the District Engineer, Bangalore, and subsequently to the Executive Engineer in charge of Mysore State Railway Survey, and then to the Presidency Division, and worked under Colonels H. Tulloch, R. E., John Pennycuik, R. E., J. O. Mayne, R. E., J. W. Hindle, R. E., H. W. Wood, R. E., J. W. Lindsay, R. E., Ross Thompson, R. E., H. M. Vibart, R. E., H. W. Burton, R. E., Captains R. E. Hamilton, R. E., Lindly, R. E., S. E. Plummer and W. B. DeWinton, Esq., and H. Irwin, Esq.

2. That on the formation of the Military Works Department, in the year 1891, the petitioner was transferred to work in the Civil Works Department from Military Works Division along with other members on the recommendation of W. B. DeWinton, Esquire, then in charge of the Madras Division, Military Works.

3. That your petitioner joined the Workshops Division on the 1st March 1893, and has been discharging the duties of the Head Draftsman ever since to the satisfaction of his superiors, viz., Messrs. Wickam, Logan, Ellis and Moss.

4. That your petitioner's name was entered in the last 55 years' statement and a Medical Certificate was produced as to his fitness for further service till 31st March 1899, and his retention was sanctioned by W. B. DeWinton, Esquire, as Chief Engineer, P. W. D.

5. That when your petitioner's name was entered in the current year's statement he was recommended for retention for another year from 1st April 1899 to 31st March 1900 by his present superior. This statement was returned by Col. Smart, R. E., the then Superintending Engineer, 5th Circle, for revision, on the score of retiring all men over 55 years of age to make room for younger men. The statement was accordingly modified and submitted to the Superintending Engineer and the Chief Engineer sanctioned the retirement of the petitioner on the 1st April 1899.

6. That your poor petitioner humbly begs to submit to your Excellency's benign consideration that he has rendered a long service in the Department and that he is still physically fit to be in service for a few years which can be certified to by any Medical Officer if required.

7. That your petitioner further prays that your Excellency may be pleased to order his retention in service for another year so that he may earn a little extra pension to help to support his family. At present he is not entitled to the maximum amount of pension to which he has been looking forward.

For which act of generosity your petitioner shall ever feel grateful.

1st March 1899.
