THE DIRECTOR-GENERAL OF STORES,

INDIA OFFICE, LONDON.

SIR,

In forwarding a copy of Proceedings of this Government, No. 1028 W., dated 11th April 1899, I am directed to invite attention to Mr. deWinton's letter, No. 1714 W., dated 7th July 1898, submitting, for favour of very early compliance, an indent for stores urgently required for use in the Lighthouse division, and to state that among the articles requisitioned for, were Wigham's improved Lindberg Trotter occulting screens. As the Superintendent of Works, Lighthouse division, has reported that he is put to considerable inconvenience on account of the non-receipt of the screens, I am to request that their supply may be expedited.

2. I am also to request that, as a special Executive division has been constituted for the sole purpose of executing lighthouse works, and as any delay in carrying out the lighthouse programme will entail considerable loss to the State, indents for lighthouse apparatus and stores may be treated as urgent, and complied with as expeditiously as possible.

I have the honour to be,
Sir,

Your most obedient servant,

READ—the following paper:—

From F. W. ASHPITEL, Esq., Superintendent of Works, Lighthouse Division,
Madras, to the Chief Engineer, Public Works Department, dated 25th March
1899, No. 2297.

I have the honour to point out that with my No. 974, dated 19th April 1898, I submitted an urgent indent for certain lighthouse stores among which were Wigham's improved Lindberg Trotter occulting screens which are proposed to be used with Trinity House carbon burners at small port lights. These screens have not yet been received, and consequently I am put to considerable inconvenience. I would suggest that a reminder may be sent to the Secretary of State on the subject.

2. I would point out also that this urgent indent included a number of ordinary brass screws and that these were only received on 24th January 1899 after the work for which they were urgently required had been completed. I would suggest that the attention of the India Office may be drawn to long delay which occurred in complying with this simple indent.
