(Ms. No. 1063 Wd) 14-4-1899)

The H. Secy. to the Govt. of India
Public Works Dept.

Sir,
with reference to Resolution
of the Govt. of India, Dept. of
Finance & Commerce, No. 300
dat

dated 16th April 1883 ^{printed} recited
on page ciii of Appendix X,
Vol. II of the P.W. Code, I am
directed to report that a
plate glass trough & stand
of special design has been
obtained for the Chemical
Laboratory of the Madras
Medical College by the Con-
sulting Architect from England,
without the intervention of the
India Office as required by
the rules, under the following
circumstances.

2. The glass trough & stand
were required ^{by the Principal Medical Officer} in connection
with certain fittings which are
now under execution in the
Chemical Laboratory of the
Madras Medical College, &
which are urgently required
in that institution. (Major
Van Geuzel, ^{J.M.S.} Professor of Chemistry
in the Medical College, was
^{at the time} on leave in England,
advantage was taken of his
presence there to have the
glass trough & stand in
question, which is of specially
design

The Consulting Architect
reports that he was ^{specifically} requested
to supply a design for the
apparatus required, and
that, as

design manufactured in
England under his personal
supervision. There was thus
no time to order the arti-
cles in regular course through
the India Office. The total
cost of the trough & stand
is Rs 440, & will ^{be} met from
the estimate for the fittings
to the Chemical Laboratory.

I have &c.
