Letter from the Supt. Ingr., II Circle, No. 83 D 20.3.99
Office Note from the Examiner, P.W. Accts., No. 415 ^A/_E
D 24.3.99

Re-Circulated to H.E. the Governor

(2) The Hon. Mr. Amundel C.S.D. ^{For ORDERS}

I should feel much obliged to the Hon.
Mr. Amundel for his opinion on this
subject.

H.E.H.
7.4.99

I have spent portions of several
hot seasons in Bezwada either in
a tent or ~~in~~ in a thatched
shed that I built for myself.
I never used a cuscus tatty
~~at Bezwada~~ there and
do not consider it by any
means "absolutely necessary."
A pleasant "luxury" for it may
be but not a necessity.

H.E.
6.4.99.

The request for tatty must be disallowed.

[1,000—12—11—19]

The Supt. Ingr., II Circle,
states that an estimate, amount-
ing to Rs 144, for 4 punkah pullers,
from April to Sept. inclusive,
is sanctioned annually for his
office, but that it is found that
the use of cuscus tatties is ab-
solutely necessary, in a notorious
hot place like Bezwada, to
mitigate the scorching effects
of the hot west winds. He therefore
requests sanction to the purchase
of tatties for his office, without
exceeding the annual estimate
amount, by dispensing with the
services of one or two punkah
pullers at the close of the season.
2. Under Gov. No. 564 W D 14.2
flag 9, charges for supplying

tatties
watering are inadmissible
except in the Bellary, Kurnool
& Cuddapah districts.

3. The Supt. Engr. II Circle, in 1896
urged the claim of the Kurnool
& Nellore districts in 1896 to
the grant of the concession as
regards the supply & watering of
tatties during the hot weather,
but His Excellency ruled that
the concessions already granted
to Bellary, Kurnool & Cuddapah
should not be extended, & the
Supt. Engr.'s application was
refused in G.O. No. 1441 W.D. 6.5.96.

A further representation on the
subject was made by the Supt.
Engr. in 1897 but the Chief
Engr. was unable to submit
the question for order in the face
of G.O. No. 1441 W.D. 6.5.96.

As the Supt. Engr. applies
for the concession only so far as
his office is concerned & without
increasing the hot weather charges,
the request may be sanctioned
as a special case. After Cuddapah,
the most heat in Nellore in the hot
weather, stands that of any other.
P. Tins. & Berwada is nearly as trying

No. 83 *L.M.*

From

II CIRCLE.

To

THE

Chief Engineer
Public Works Department.

SIR,

Through the Examiner Public Works Accounts

Enclosures.

I have the honor to inform you that an estimate amounting to Rs 144 for four punkah pullers (April to September inclusive) on account of hot weather charges is sanctioned annually for my office. The use of Cuscus tatters is found to be absolutely necessary in a notoriously hot place like Bezwada to mitigate the scorching effects of the hot west winds.

I therefore request your sanction to the purchase of tatties without exceeding the annual estimated amount by dispensing with the services of one or two pinkah pullers at the close of the season.

I have the honor to be
Sir,
your most obedient servant
Wm. C. C. C.
Capt. Engineer

No: 415 $\frac{A}{2}$ dated 24th March 1899.

Forwarded to E.W. for disposal.

2. Under G.O.No.564 W dated 14th:
February 1896 as explained further in
G.O.No.1067 W dated 25th: March 1896,
charges for supplying and watering tatties
are inadmissible except in the Bellary
Munrool and Chuddapah Districts. The pro-
posal of Superintending Engineer will
herefore require specific sanction of
Government.
