From Captain W. M. Ellis R.E. Executive Engineer, Kistwa Northern Division to the Superintending Engineer, 2nd Circle, dated 30th March 1899, No. 650 S.E.

I have the honor to submit an Estimate for providing a set of efficient $2\frac{3}{4}$ " boring tools to be capable of boring to a depth of 50 feet.

Such a set is badly wanted in connection with the investigation of projects in the upland taluqs and it is believed that they will be found generally useful throughout the Circle.

No. 211 W. dated 18th April 1899

Enclos: 2

Copy forwarded to the Chief Engineer Public Works Department for favour of sanction of Government being obtained to the Estimate amounting to Rs. 700 for providing a set of efficient $2\frac{3}{4}$ " boring tools for the investigation of projects.

W. M. Ellis

Superintending Engineer,
