READ--the following paper :—

From Lieutenant-Colonel W. L. C. BADDELEY, R.E., Superintending Engineer, III Circle, to the Chief Engineer for Irrigation, dated Bellary, 5th May 1899, No. 1722 I.

With reference to paragraph 2 of this office letter No. 1545 W., dated 19th April 1899, I have the honour to submit a proposition statement for the temporary establishment required for the surveys of the Tungabhadra project and request you will be good enough to obtain the sanction of Government and communicate it by wire.

Forwarded to the Chief Engineer, Public Works Department, in continuation of this office endorsement No. 146, dated 1st May 1899.

2. The Superintending Engineer informs me that Mr. Gordon's longitudinal and cross sections have been lost and that besides there is a great deal of surveying to be done in the Nelapur saddle and elsewhere. Under the circumstances I think the establishment must be sanctioned.

OOTACAMUND,

SUBJECT.

Survey establishment for the Tungabhadra Project

Forwarding, with remarks, letter from the Supdg Engineer, III circle, submitting a proposition statement for the ——

bhadra should be further examined and a detailed estimate prepared. In his letter No 1618 I, dated 26th April, 1899, the S.E suggested that the services of No 6 Party, T.R.S, might be placed at his disposal for surveying the Tungabhadra Project, but the Chief Engineer for Irrigation reported that the services of the party could not be spared for the purpose.

2. The S.E now submits for sanction a proposition statement for the entertainment of 2 surveyors, 1 draftsman and 18 lascars for a period of 12 months. The Chief Engineer for Irrigation reports that the S.E has informed him that Mr Gribble bridge work and canal alignment have been lost and that there is a great deal of surveying to be done, and considers that the staff establishment applied for should be sanctioned. He supports the application to sanction the application.

NOTES.

Reference to P. W. D. Code.

Chapter I, Para. 30.

1. All proposals for changes in the scales of permanent establishments must be accompanied by a statement in Part I of this form when the changes relate to the engineer or upper subordinate establishments and in other cases by a statement in Part II of this form.

2. The column headed "present scale" should invariably show the existing *sanctioned* scale (not the strength of the establishment as it actually stands at the time), and should be verified by the Examiner before the statements are forwarded to the sanctioning authority.
