LETTER—from

W. B. DEWINTON, ESQ.,
Secretary to the Government of Madras,
Public Works Department,

To

THE JOINT SECRETARY TO THE GOVERNMENT OF INDIA,
PUBLIC WORKS DEPARTMENT.

SIR,

With reference to rule (3), paragraph 17, Chapter X, Volume I of the Public Works Code, I am directed to forward a copy of Proceedings of this Government, No. 1340 W., dated 26th May 1899, and to request the sanction of the Government of India to the construction of a residence for the District Forest officer at Palamcottah, at an estimated cost of Rs. 10,510.

2. The normal rent calculated on the capital cost of the building amounts to Rs. 70·20 as shown below:—

		RS.
(*a*)	Cost of site	213
(*b*)	Cost of construction	10,297
(*c*)	10 per cent. on (*b*) for Establishment and Tools and plant ...	1,030
(*d*)	Total capital cost	11,540
(*e*)	4 per cent. on (*d*) for interest	461·60
(*f*)	3 per cent. on (*d*) for repairs	346·20
(*g*)	10 per cent. on (*f*) for Establishment and Tools and plant ...	34 62
	Annual rent ...	842·42
	Rent per mensem ...	70·20

3. The average pay of Deputy Conservators of Forests being Rs. 680 per mensem, the capital cost should be so regulated that the rent may not exceed 8 per cent. of Rs. 680, or Rs. 54·4 per mensem. It has, however, been found impracticable to design a suitable building within the above limit.

4. I am to request that the early sanction of the Government of India to this application may be obtained, as the Conservator of Forests presses for the speedy construction of the building, and as a sum of Rs. 9,400 has been provided for the work in the current year's budget.

I have the honour to be,
Sir,
Your most obedient servant,

(Signed) W. B. DEWINTON,
Secretary to Government.

READ—the following papers:—

Reference of the Board of Revenue (Land Revenue), Forest No. 410, dated 1st November 1898.

Endorsement by H. A. GASS, Esq., Acting Conservator of Forests, Southern Circle, dated 14th October 1898, No. 1175.

ABSTRACT.—Forwarding to the Board letter from A. W. B. Higgens, Esq., Collector of Tinnevelly, dated 7th October 1898, Ref. on C. No. 1610/Gen.-Rev., requesting to obtain the sanction of Government for the construction of the quarters of the District Forest officer, Tinnevelly, in 1899–1900.

Reference No. 410 (Forest), dated 1st November 1898.

In its order, Mis. No. 292, Revenue, dated 22nd January 1896, Government approved the proposal to construct a residence for the District Forest officer, Tinnevelly, at Palamcottah and stated that orders for the preparation of the necessary plans and estimates would issue in the Public Works Department. The order was communicated to the Superintending Engineer, VI Circle, for compliance (G.O., No. 409 W., dated 1st February 1896, communicated in G.O., Mis. No. 491, Revenue, dated 5th February 1896). With his letter of the 2nd September last, the Superintending Engineer has forwarded to the Collector the required plans and an estimate for Rs. 9,400. The District Forest officer approves the plan of the building and the estimate has been countersigned by the Collector. The Collector requests that the construction of the building may be undertaken at least in 1899–1900, as no provision was made therefor in the Public Works budget of the current year. The Conservator, however, recommends that the work should be regarded as urgent and, if possible, should be taken on hand in the current year, funds being made available by giving up other less important works. The Board submits the plans and estimate for the early sanction of Government and invites its attention to the recommendation of the Collector and the Conservator as regards early execution of the work.

(Signed) LIONEL DAVIDSON,
Acting Secretary.

Mis. No. 4379, Revenue.

Transferred to the Public Works Department in continuation of endorsement No. 2075, dated 13th May 1898, for the issue of the necessary instructions.

(By order.)

(Signed) N. E. MARJORIBANKS,
8th November 1898. Ag. Under Secretary to Government.

From G. S. T. HARRIS, Esq., Consulting Architect to the Government of Madras, to the Chief Engineer, Public Works Department, dated Madras, 29th March 1899, No. 4212.

With reference to G.O., No. 556 W., dated the 22nd February 1899, I have the honour to submit revised plans and estimates amounting to Rs. 10,510 for the District Forest Officer's residence to be erected at Palamcottah. I also return the original plans and estimates.

Note by the Chief Engineer, Public Works Department.

An estimate, amounting to Rs. 9,400, for the construction of a residence for the District Forest officer at Palamcottah, Tinnevelly district, was submitted by the Superintending Engineer, VI Circle, and received through the Revenue Department with its endorsement, Mis. No. 4379, dated 8th November 1898. As the design did not seem suitable, and as there was no thorough ventilation in either bed room, the undersigned forwarded the plans and estimate to the Consulting Architect for revision —*vide* memo. No. 560 C., dated 26th January 1899. The revised estimate has now been received and amounts to Rs. 10,510, which is recommended for approval.

(Signed) W. B. DEWINTON,
11th May 1899. Chief Engineer.

ORDER—No. 1340 W., dated 26th May 1899.

The estimate of Rs. 10,510 for the construction of a residence for the District Forest officer at Palamcottah, Tinnevelly district, submitted by the Consulting Architect with his letter read above, is approved. As the rent calculated, under Code rules, on this sum, exceeds 8 per cent. of the average pay of Deputy Conservators of Forests, the sanction of the Government of India will be applied for to the proposed expenditure.

2. An allotment of Rs. 9,400 has been made for the work in the current year's Provincial Works budget.

3. The countersignature of the Collector to the estimate should be obtained before the work is put in hand.

[Here enter No. 1341 W., dated 26th May 1899.]

To No: 1341 W dt 26.5.99

The Joint Secretary to the Government of India
P. W. Dept

Sir

With reference to rule (3), para 17, Chapter X, Vol I of the P.W. Code, I am directed to forward a copy of Proceedings of this Govt No 1340 dated 26th May, 1899, and to request the sanction of the Government of India to the construction of a residence for the District Forest Officer at Palamcottah, at an estimated cost of Rs 10.510

2. The normal rent calculated on the capital cost of the building amounts to Rs 70.20, as shown below:-

		Rs
(a)	Cost of site	213
(b)	Cost of construction	10.297
(c)	10% on (b) for Establt and Tools and Plant	1030
(d)	Total Capital cost	11.540
(e)	4% on (d) for interest	464 60
(f)	3% on (d) for repairs	346.20
(g)	10% on (f) for Establt and Tools and Plant	34.62
	Annual rent	842.42
	Rent per mensem	70.20

3. The average pay of Deputy Conservators of Forests being Rs 680 per mensem, the capital cost should be so regulated that the rent may not exceed 8 per cent of Rs 680, or Rs 54.4 per mensem. It has, however, been found impracticable to design a suitable building within the above limit.

4 I

X Over 2/3 of this rent to be spent in repairs on an absorbing new house!

13402
13414

". "when a house has to be built or hired for the occupation of a Govt Official, cost should be so regulated that the total ... will not exceed 8 per cent the salary of the Official who will usually occupy it."

Revenue Department

To the Undersecretary.

The P.W. Dept forwards for Counter-initials the draft of an order approving the construction of a residence for the District Forest Officer at Palamcottah. As the cost of the building exceeds the limit prescribed in para 17(1), Chapter X of the P.W. Code, Vol I, it is proposed to obtain the sanction of the Govt of India to the construction. Rules for the calculation of the normal rental of Govt buildings will be found in para 28(I), Chapter X of the P.W. Code, Vol. I, from which it will be seen that the rental is arrived at by taking 4 p.c. on account of interest and 3.3 p.c for repairs, on the capital cost of the building, ie, the cost of the site and of building plus 10 p.c. thereof on account of establishment, tools and plant. In the present case the capital cost of the building comes up to Rs 11,540; and the amount of the normal rental at 7 3 p.c.

this amount will be Rs 842 per annum. Rs 381 or over $\frac{2}{5}$ of this sum has been taken as the cost of repairs, and it is a question whether such a large sum will be required to be spent annually in repairs on an absolutely new building. Clause (d) of Rule 28(I) requires that "the average cost of annual repairs "should be specially estimated in "each case by the Executive Engineer "on the best data available, and "be approved by the Superintending "Engineer," but the minimum as prescribed in the Rule, viz, 3 p.c. 3.3 per cent has been taken for the purpose of this reference, apparently because the building is not yet ready and the Executive Engineer has not yet in consequence estimated the average cost of annual repairs.

12.5.99

Less

~~Estimate~~ The Estimated rental seems to have been unduly swollen by an arbitrary estimate of the annual cost of repairs. If a revised Estimate could be made, reference to India might be unnecessary.

13/5/99

Alternate 4 annas 3% Rs

3 p.c for repairs & 10 p.c of 3 p.c. or 3 p.c for establishment, tools & plant on account of repairs.

Would it be possible to reduce the estimate for repairs so as to keep the total within the 8% which the Govt may sanction. If not, the draft may be taken as accepted in this Dept

E.S. 17/5/99

D.W

With reference to the above remarks, it is submitted that as the building has not yet been constructed, no data are available to estimate the cost of annual repairs. The minimum of 3% on the capital cost, plus 10 per cent thereof for establishment and Tools and Plant, has therefore to be taken vide para 28(d), Chapter II Vol I of the P.W. Code.

2. After the building has been constructed and occupied, the rent will, if necessary, be revised with reference to the actual cost of repairs.

3. In these circumstances, the sanction of the Govt of India to the construction of the building is necessary.

Yes. Send in

19.5.99

The Estimated cost of annual repairs is based on P.W. Code, Vol I. Chap II, 28 (I—d) & cannot be reduced

both the lower and upper floors will be plastered with a coat of

Plastering ~~or Pointing~~ of lime mortar but the C.A is of opinion that pointing the exterior face is preferable.

Flooring of the lower floor will be of 8" square bricks laid over 3" of concrete & the upper floor terraced with bricks on edge &c.

Roofing with country pan-patent tiles bedded in 3/4" lime mortar over ordinary flat tiles laid over rafters 3" x 3/4" battens spaced 1'-9" apart.

Doors and Windows will be of teakwood of the descriptions noted in the estimate the outside doors &c will be painted & the inside wood oiled

Roof timbers with be of teakwood throughout

Scantlings of roof timbers & arched steel beams as noted.

Rates as per Jail.

certain if bricks are good enough

The plinth area of the main building is 3140 square feet, and the cost per square foot will be Rs. 2.10.6 for a double storied building, viz

The plans and estimates have been countersigned by the Conservator of Timber with my remarks recorded in this Rev. Dept. but the originals were undersigned.

Cheap. Those C.A.'s are more economical. He has hitherto held such upper storied buildings are just economical, which has proved that they are. In N. India upper story buildings are exceedingly rare, & C.A. has hitherto designed according to the N. India practice.

REMARKS.

The original plans & estimate amounting Rs 9400 for constructing a residence with outhouses for the Dist. Forest Officer at Palamcottah, in the Tinnevelly Dist. was prepared by the Supg Engineer VI Circle, with remarks Rs 50. W. 409 dated 1st Feby 1896. This design was considered by W the unsuitable as there was no through ventilation in the best room &c., the C.A was therefore requested to revise the design in terms W. 560 dt 26th Jany 1899 & the accompanying revised plans & estimate amounting Rs 10,510, are therefore submitted for sanction.

Flag. F.

Flag. G.

sanction.

The site selected for the construction of the building is reported to be partly private & partly Govt land & is situated to the north of the Tinnevelly road, the extent of land to be acquired is 0.26 acres & its value is estimated at Rs 213 or 50 Rs per acre.

The cost of the proposed building calculated as per Code rules will be as under :-

Estimated cost of construction	Rs 10,297
add 10% for Establishment & Plant	1030
add cost of site	213
Total Capital	Rs 11540
4% on Capital for annual interest	Rs 461.60
3% do - do - for repairs	346.20
10% on repairs for Establishment & Plant	34.62
Total annual cost	Rs 842.42

Total cost per measem Rs 70.20
or say Rs 70.

The average salary of Deputy Conservator of Forests is reported to be Rs 650 per measem and 8% on this salary is Rs 54.4 which is less than the cost to be incurred according to rules viz Rs 70.2 therefore the sanction of India will be necessary to this estimate.

Office of the Board of Rev.
(Land Revenue)

18 dated 1st November 1898

Read endorsement of A. D. Gass Esqr. Acting Conservator of Forests, Southern Circle, dated 14th October 1898. No. 1175, forwarding to the Board letter from A. N. B. Higgens Esqr. Collector of Tinnevelly, dated 7th October 1898 Rev. and No. 1610 Gen. Rev. requesting to obtain the sanction of Government for the construction of the quarters of the District Forest Officer, Tinnevelly, in 1899-1900.

Forest Reference No. 410 dated 1st November 1898

Flagged C

In its order Mis No. 292 Revenue dated 22nd January 1896, Government approved the proposal to construct a residence for the District Forest Officer Tinnevelly at Pilamcottah and stated that orders for the preparation of the necessary plans and estimates would issue in the Public Works Department. The Order was communicated to the Superintending Engineer, VI Circle for compliance (G. O. No. 409 W

CONSERVATOR OF FORESTS, U.P.
Enclosure No. 5

dated 1st February 1896 Communicated in G.O. this No 491 Revenue dated 5-2-96). Flagged B.
With his letter of the 2nd September last, the Superintending Engineer has forwarded to the Collector the required plans and an estimate for Rupees 9,400. The District Forest Officer approves the plan of the building and the estimate has been countersigned by the Collector. The Collector requests that the construction of the building may be undertaken at least in 1899-1900, as no provision was made therefor in the Public Works budget of the current year. The Conservator, however, recommends that the work should be regarded as urgent and if possible, should be taken on hand in the current year, funds being made available by giving up other less important works. The Board submits the plans and estimate for the early sanction of Government and invites its attention to the recommendation of the Collector and the Conservator as regards early execution of the work.
