Office-note from the Examiner, Public Works Accounts, dated 11th March 1899, No. 803 B./E.

Forwarded with the following remarks.

2. The temporary establishment sanctioned from time to time during the year was found to have been omitted, but this omission has been supplied by this office. Please see corrections made in the statement.

3. All the items chargeable to "Tools and Plant" (*vide* G.O., No. 900 W., dated 6th April 1893) have been scored out from the proposition statement.

ORDER—No. 1401 W., dated 1st June 1899.

The employment, during 1899–1900, of the temporary establishment required in the V Circle, as detailed in the proposition statement submitted by the Superintending Engineer with his letter read above, is sanctioned, subject to the following remarks:—

(*a*) The Superintending Engineer applies for a clerk, on Rs. 20 per mensem, for one year, to arrange the records of the late Buckingham Canal division received from the II Circle, and to help the office generally in order to cope with the increased work. The necessity for the services of a clerk to arrange the records is admitted, but there is nothing to show that the work in the Superintending Engineer's office has increased. The entertainment of the clerk is, therefore, sanctioned for six months, by which time it should be possible to sort and arrange the records of the late Buckingham Canal division.

(*b*) As regards the continued employment of a draftsman on Rs. ~~35~~ per mensem in the Tanjore division, it is stated that the work in the drawing section is increasing considerably. The employment of the man is sanctioned, pending receipt of full explanation, supported by statistics, as to the circumstances which led to the increase of work.

(*c*) The clerk, on Rs. 15 per mensem, proposed for the correspondence branch of the Tanjore division, has been disallowed, as the extra work likely to be thrown on the Divisional office, by the formation of the Upper Anicut sub-division, will not be so heavy as to require the services of a clerk exclusively.

(*d*) A clerk on Rs. 15 per mensem is proposed for employment in the Negapatam Divisional office, but as no explanation has been afforded as to the necessity for this man, the proposal is disallowed.

(*e*) The assistant clerk, on Rs. 15 per mensem, proposed for each of the sub-divisions in the Tanjore and Negapatam divisions, has been disallowed, as Government is not prepared to consider the question of strengthening sub-divisional establishments until financial prospects improve.

(*f*) The temporary draftsman, on Rs. 50 per mensem, required for the Public Works Workshops is unnecessary, a permanent first-class draftsman having since been sanctioned for the division in G.O., No. 919 W., dated 25th March 1899.

2. The attention of the Superintending Engineer is drawn to paragraphs 2 and 3 of the Examiner's office-note read above.

3. The sanction accorded in these Proceedings has been registered as Provincial No. 14 W. of 1899–1900, and classified as Establishment—Temporary.

(b) As regards the continued employment of a draftsman on Rs. 38 per mensem in the Tanjore Division, it is stated that the work in the drawing section is increasing considerably. The employment of the man is sanctioned, pending receipt of full explanation, supported by statistics, as to the circumstances which led to the increase of work.

(c) The clerk, on Rs. 15 per mensem, proposed for the correspondence branch of the Tanjore Division, has been disallowed, as the extra work likely to be thrown on the divisional office, by the formation of the Upper Anicut Sub Division, will not be so heavy as to require the services of a clerk exclusively.

Memo
Note.

The following remarks are submitted with reference to the Temporary Establishment required for the V Circle.

(1) The S.E. proposes to entertain in his office a temporary clerk on Rs. 20 for one year for arranging the records received from the II Circle on account of the amalgamation of the Buckingham Canal with the Chingleput Division, for making a list of old records and for helping the office establishment generally. As it has not been explained how the work in the S.E.'s office has increased, it is proposed to sanction the entertainment of a clerk for 6 months only, by which time it should be possible to arrange the records

The S.E. V Circle

~~C.E. for Inspection~~ 11/4/99

of the late Buckingham Canal Division. The records of the

Bills were moved no less than 2 times during the years 1896-98, viz
(1) from Old canal office at Basin to Women & Children's hospital
(2) from hospital to Old Bucket factory
(3) from factory to Chepauk

This consequently not supposing that the plans & records required to be put in order.

(2). The S.E. applies for sanction to the retention of the assistant clerk on Rs. 15 per mensem sanctioned in 1898-99 for the southern subdivision of the Buckingham Canal. This may be sanctioned as a grant of Rs. 79,740 has been provided for 1899-1900 under Minor Works and Navigation.

(3) Application is made to the continued employment during 1899-1900 of a draftsman on Rs. 30 per mensem in the Tanjore division on the ground that the work in the drawing section is increasing considerably. As it has not been explained how the work has increased, it is proposed to sanction the employment of the man, pending receipt of explanation supported by statistics, as to the circumstances which led to the increase of the work.

(4) In regard to the proposal to entertain a clerk on Rs. 15 per

mensem

on

mensem in the Tanjore Division for faircopying accounts and statements, it is stated that there is at present only one clerk to help the Accountant. As the Tanjore Division is a heavy one, it is necessary that there should be at least 2 clerks to assist the Accountant. The application may therefore be sanctioned.

(5) A clerk on Rs. 15 per mensem for the Correspondence branch of the Tanjore Division has been applied for to cope with the extra work that will be thrown on the Divisional office by the formation of the Upper Anicut Sub division. The Sub division itself is allowed a single clerk, and the papers received from the Subdivision will not be so numerous as to require the services of a Special clerk in the Division office. It is also not usual to strengthen the Divisional Establishment whenever an additional Sub division is formed in a Division. It is therefore proposed to disallow the application.

(6) The proposal to entertain an assistant clerk on Rs. 15 per mensem in each of the subdivisions in the Tanjore and Negapatam Divisions will be considered along with the general scheme for strengthening subdivisional establishments in the whole Presidency, which will be submitted to Government when the financial prospects brighten. In the meanwhile the Supdg: Engineer's application may be disallowed.

(7) The establishment proposed for the new subdivision at the Upper Anicut is in accordance with the authorised scale and may be sanctioned.

(8) Negapatam Division.

1 Surveyor on Rs. 60 and 5 lascars on Rs. 7 each for 6 months.

The continuance of this establishment is considered necessary by the Supdg: Engineer on Special duty, Tanjore, Vide Marg[in] Dy

(9) A draftsman on Rs. 30 for 6 months has been applied for to take

take copies of Irrigation and Drainage maps and accounts of some rivers in the Division, under preparation by the Supty. Engineer on special duty. The application may be sanctioned.

(10) 2 Surveyors on Rs. 60 each and 10 Lascars on Rs. 7 each for 12 months.

It is reported that the employment of this establishment is necessary for connecting all the masonry works and completing the records of the System works.

(11) A clerk on Rs. 15 for the Negapatam Division office has been applied for, but as no explanation has been afforded for the necessity, it is proposed to disallow the application.

(12) The temporary draftsman required for the P.W. Workshops is unnecessary, as a permanent first class draftsman has since been sanctioned vide G.O. No. 919 W. d/ 25.3.99.

The rest of the establishment proposed consist of menial servants whose services are indispensably necessary
