To the Under Secretary.

Procs of the Board of Rev containing proposals for providing the Subjail Cook room attached to the New Taluk Cutchery at Gooty with a chimney &c. were transferred in 1897 to the P.W.D for the issue of the necessary orders. The Board of Rev now enquires whether orders have been passed in the P.W.D on the Rev. G.O. No communication on the subject appears to have been received from the P.W.D; and in reply to a telephonic message sent to that Dept, it is stated that no disposal on the Rev. G.O. is traceable and that the matter is being looked

Sir,

Adverting to your letter R. C. No. 3851/23.12.96 calling for a report on the allegations of the Sty: Sub. Magte Gooty in his arzi C. No 981/18.11.96 regarding the inconvenience felt in the cook shed attached to the new Taluk Cutcherry at Gooty. I have the honour to state that I have inspected the place and I am of opinion that the difficulties represented by the Sub Magistrate ~~is~~ in regard to the rush of wind through the 2 openings and to the absence of chimney for the escape of smoke, are really felt as there will be rush of wind during 6 months. It would be enough I think if one of two openings is closed with honeycomb work. A chimney should also be provided for the escape of smoke on the roof of the cook shed. At present the walls have been thickly coate with smoke and present a very dirty appearan

The Executive Engineer's suggestions referred in para 2 of your reference under reply can well meet the objection taken for the flooring of cook shed with Cuddapah slabs.

Sir,

I have the honour to report that in the cook-sheds attached to the new Taluk Cutcherries built according to the type design, no chimney has been provided for the escape of smoke, but that they contain two entrances on the same side without doors. The result is that there is a great rush of wind into the shed which prevents the escape of the smoke even through these entrances. The Stationary Sub Magistrate, Gooty brought to my notice the inconvenience felt by the prisoners and the Deputy Collector, Gooty in his letter Disposal No 166 dated 22nd January 1897 (Copy enclosed) suggests that the shed should be provided with a chimney. The Executive Engineer Bellary Division whose opinion was invited on the subject states that no alteration can be made in the existing plan of the type design without the sanction of Government. I have no doubt that a similar inconvenience is being felt at Tadpatri and Hindupur where the new buildings have been occupied. Moreover, the walls soon become coated with smoke & present a very dirty appearance. I have therefore, the honour to request that sanction may obtained for the alterations proposed by the Gooty Deputy Collector.
