NOTES.

REFERENCE TO MADRAS P. W. D. CODE OF 1886.

PART 1196 et seq., AND APPENDIX C.

1. It will be the duty of the officers of the depart-
ment, on requisition of the local authorities, to provide
quarters and all other necessary buildings, to the extent
allowed by the regulations, for troops and public
military establishments entitled to, and requiring
accommodation, and for the families of soldiers on
actual service. The executive engineer will arrange
for this by allotting public buildings which may be
vacant, or which can be vacated, or where no suitable
or available public buildings already exist by hiring or
otherwise engaging suitable quarters or buildings as
may be requisite, to which course the previous sanction
of the Government will be obtained when the rent
proposed exceeds the authorised scale.

2. Applications for the sanction of the Govern-
ment to the hiring of quarters for military subordinates
when the proposed rent exceeds the authorised scale
will be submitted in this form. The sanction, when
granted, will hold good in Nilgiri division for a period
not exceeding twelve months, and in all other divisions
for a period not exceeding six months. Executive
engineers should endeavour within the period of sanction
to procure other quarters at a rent not in excess of
the authorised scale; but when this is not practicable,
renewal of sanction for a further period not exceeding
twelve months, as the case may be, should be
applied for beforehand. Executive engineers should
be careful to ascertain the probable length of time
for which quarters are likely to be required before
entering into any agreement with a landlord.

3. The hiring of houses for military purposes is to
be strictly limited to meet the essential requirements,
according to the regulations for the accommodation of
troops, and for the families of soldiers and for medical
and other subordinates authorised to be provided with
free quarters and is not to be extended to the provision
of offices and such like miscellaneous purposes, unless
under the orders of the Government.

4. Should buildings be hired by the military
authorities without the intervention of the department
and without the sanction of the Government, the
executive engineer will not be at liberty to defray
the charge from the funds at his disposal until sanction
is obtained.
