THE Chief Engineer,
Public Works Department

SIR,

I have the honor to inform you that the
Sub Divisional officer C^o III Sub Division wires that
the Port boat capsized at Malpi and that 6 of
the work people have been drowned. This accident
will probably necessitate the work being held in
abeyance until after the monsoon as the work
people will probably refuse to go to the island.

I have the honor to be,
Sir,
Your most obed^t servant,

Whately
Superintendent of work,
Light House Division
