FROM

SUPERINTENDING ENGINEER,

To
THE Chief Engineer,
P.W. Department,
Madras.

Sir,

Enclosures.

I have the honour to state that certain temporary Upper subordinates, in accordance with your appointment orders, reported themselves for duty to my Office, and they were ordered to join the Cuddapah Division.

2. The Officer in charge of that Division drew their pay from the date they reported to me, and I passed it, but the Examiner, P. W. Accounts, has disallowed their pay upto the date they entered upon their actual duties under P.W. Code I-IV-77.

3. As these men were ordered to report to me for orders and did so, I think they should be paid from that date. I therefore request that you will be good enough to obtain the orders of Gover

whether, when a person is appointed to the Department and told to report for orders at a certain Office, he is to draw pay from that date, or from the date he actually joins the section or Office to which he may be appointed by the Officer to whom he was ordered to report in the first place. It appears to me that an upper subordinate who is appointed by you to the Department, and ordered to report himself to a Superintending Engineer for orders, has entered upon the actual duties of his situation on the date he reports himself in the Supdg: Engr's Office.

Carrying the arguments still further I have a similar series of cases in the Kurnool Division, where some Sub-Overseers & temporary Upper subordinates were ordered to join at Kurnool. They did so and received orders from the Executive Engineer to proceed to various stations.

Their pay has similarly been disallowed upto the dates of actually joining at the stations they ultimately arrived at.

Here again I consider that these men had entered upon the actual duties of their situations when they reported themselves at the Executive Engineer's Office.

I have the honour to be,
Sir,
Your obedient servant,

Lieut. Col. R.E.

No 127

Sir,

I most humbly beg to bring to your notice that the Examiner of Public Works Accounts in his number 217 A/c dated 20th February 1899 to your address has over-ruled your authority in having passed my pay from 26th April to 3rd May 1898 on the ground that it should be so ordered by competent authority. As per orders of the Chief Engineer, P.W.D. I reported myself for duty in your Office on the forenoon of 26th April 1898 where as usual I got your orders to proceed to Cuddapah Division. As per Examiner's quotation if I am not to get pay until

24/3/99

duties, I beg you to consider if it will be equitable and just to make me remain without pay for days when I am actually carrying out the Orders of the Departmental Officers. The Chief Engineer who appointed me might have directed me straight to Cuddapah Division instead of sending me in the regular course to the Superintending Engineer's Office, then to Division Office, and then again perhaps to a Sub-division Office if there was any, thus keeping me out of my pay for the period. I believe it was not his intention to thus keep me out of my pay all this time as I have heard of instances where pay was given to others for similar period.

2. Again the Examiner in his Disallowance list for April and May 1898 has disallowed my travelling allowance for joining my first appointment after having undergone a lot of expense in travelling from place to place under orders and this has not yet been recouped to me though it is now about eleven months. In this case, I am the only solitary exception where a subordinate

has

has been kept out of his travelling allowance for joining his first appointment.

3. Under these circumstances, I beg you will kindly move the Government to consider my case and pass the pay and travelling allowance disallowed by the Examiner.

Letter No. C1097 dated 20th March 1899 from A. H. Moser Esqr., Exe: Engineer, Cuddapah Division to the Superintending Engineer, III Circle, Bellary.

In continuation of this Office No. C951 dated 6th Instant, I have the honour to bring to your notice that the Examiner has disallowed the ⊗ marginally noted claims on the grounds that the pay of the subordinates referred to should under Code I IV 77 commence only from the 4th & 9th May 1898 respectively, the dates they actually entered upon their duties and not from the 26th April and 7th May 1898 respectively, the dates they reported themselves in your Office.

2. As already represented to you (vide orders contained in your No. 80 of 4th January 1899 & 943 of 17th June 1898) the subordinates reported themselves for duty in your Office in accordance with the orders of the Chief Engineer, and it is, I submit, but fair that they should get their pay from the 26th April and 7th May 1898 respectively, the dates they actually reported themselves in your Office.

3. In these circumstances, I request that you will be so good as to move

Government to accord their sanction for the admission of the claims on account of salary referred to as also of the travelling allowance× due to them for joining their first appointments which was also disallowed by the Examiner for want of sanction of Government.
