by the Board of Revenue to the Chief Engineer for Irrigation, who asked the Suptg Engineer, VI circle to submit a proposition statement for the survey establishment with a brief description of the prospects of the proposed work. The Suptg Engineer accordingly submitted a proposition statement for the Survey establishment and reported that the scheme was feasible and that it would cost Rs 9,000. A further reference was made by the Chief Engineer for Irrigation in his Memo No 1451 T.C dt 30th August 1898. The Superintending Engineer's reply to the reference has been received. The Chief Engineer for Irrigation now recommends that early sanction may be given to the Survey establishment applied for. It is proposed to sanction the application.
